State Provident Fund.

No. Fl. 5187-235—G. F. 41-16-2, dated 13th March 1917.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Letter No. 4662—B. & R. 421, dated 14th December 1916.

In pursuance of Government Order No. Fl. 7389-437 - -B. 15-14-2, dated 15th June 1915, sanctioning the formation of a State Provident Fund and directing the submission of a report regarding its working at the close of each year, I have the honor to submit the following report for the year ending 30th June 1916.

2. *Subscriptions.*—The total number of subscribers to the fund at the end of the year was 2,256 and the total amount of subscriptions received in the year amounted to Rs. 62,403-9-9.

3. *Withdrawals.*—There were 50 withdrawals during the year under report, of which 4 were due to deaths, 6 on account of retirement, 4 owing to resignation and the remaining 36 were under Government Order Fl. 1301-5—B. 53-15-2, dated 16th September 1915 on account of inability to subscribe. The amounts of all these withdrawals aggregated Rs. 745-6-11 and the interest paid thereon was Rs. 7-14-7.

4. Temporary advances were made in the case of 9 accounts and the total amount paid on this account aggregated Rs. 133-0-0. Of this amount, Rs. 39 were recovered in the course of the year.

5. *Balance at the credit of the fund.*—The balance to the credit of the fund at the close of the year including interest amounting to Rs. 1,121-10-1, was Rs. 62,646-12-11.

6. The facility afforded to the subscribers under Rules 9 and 17 to appoint nominees to receive the amounts at their credit in the fund, was availed of only by 558 subscribers or about 25 per cent of the subscribers.

7. *Mode of adjusting interest on subscriptions.*—Under Rule 14 of the Provident Fund Rules interest is to be calculated on the minimum balance at credit of the depositor between the close of the 4th day and the end of the month. In almost all cases subscriptions are recovered by deductions from pay bills. In these cases the 1st of each month was adopted as the date of payment of subscriptions irrespective of the actual date on which the salaries of the officers were actually disbursed and interest calculated on the subscriptions as though they were realized on the 1st of each month. The subscriptions will in such cases be with the Government and it is only fair to allow interest on them irrespective of the actual date of disbursement of salary to the officers concerned.

8. *Yearly advice to subscribers.*—The annual account of subscribers have so far been sent to 1,200 subscribers and the remaining accounts will be sent in the course of this month.

Order No. Fl. 5187-235—G. F. 41-16-2, dated 13th March 1917.

Recorded.

2. It is gratifying to find that the fund which was started in July 1915, has become popular. The number of subscribers and the balance at their credit on 1st July 1916 were 2,256 and Rs. 62,646, respectively.

3. Only 558 subscribers are reported to have availed themselves of the privilege of nomination as contemplated in Rule 17. It is presumed that nomination forms were sent to the other subscribers also. Endeavour should be made to get as many members as possible to make definite nominations.

4. The mode of adjusting interest adopted by the Comptroller in para 7 of his letter by taking the 1st of the month as the date of payment of subscription in respect of deductions made in the salary bills is approved.

5. The annual report should in future be submitted to Government by the 31st October of each year.

No. Fl. 4856-904—G. F 128-16-2, dated 3rd March 1917.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Letter No 4415—L A D 591, dated 1st December 1916, from the Comptroller in Mysore, submitting the report on the working of the Local Audit Department of his office during the year 1915-16.

Order No. Fl. 4856-904—G F. 128-16-2, dated 3rd March 1917.

Recorded.

2. One important feature during the year was the appointment of a Commercial Auditor with effect from 16th February 1916, to audit the accounts of commercial or quasi-commercial concerns in which Government have financial interest. It is reported that up to end of June 1916 he audited the accounts of the Mysore Arts and Craft Depot, helped in introducing new forms and registers suitable to commercial concerns in that depot, as well as in the Mysore Soap Factory, and the Sandalwood Oil Factory and that he assisted the Government auditors in the examination of the books of the Mysore Tannery and the Mysore Spinning and Manufacturing Company.

3. The serious irregularities noticed during the year were the large deficiency in the cash balance of A and D Squadrons of the Imperial Service Lancers Depot, due mainly to the omission of the Commanding Officers to examine periodically the cash on hand, and the embezzlements of Octroi revenue amounting to Rs. 135-14-8 in Arkalgud Municipality and of Rs. 62-8-0 in the Bangalore City pound collections. It is reported that the culprits in all these cases were punished.

4. The attention of the officers concerned is invited to the defects and irregularities noticed in the course of the audit as explained in paragraphs 8, 10, 11 and 13 of the report and it is hoped that the suggestions offered for their rectification will be adopted.

5. In paragraph 19 of the report the Comptroller again brings to the notice of Government the "considerable delay in the return of audit notes" by Heads of Departments and Presidents of local bodies. Government hope that there will be no occasion for such delay in future. The disposal of these audit notes by the Presidents of District Boards and Municipalities will of course be greatly facilitated when the instructions contained in Government Order No. 3005-55—Ml. 132-16-1, dated 16th November 1916 regarding the monthly audits by Finance Committees are brought into full effect.

No. Fl. 4856-904—G. F. 128-16-2, dated 3rd March 1917.

Letter No. 4415—L. A. D 591, dated the 1st December 1916, from M. N Krishna Rao, Esq., Officiating Comptroller to the Government of His Highness the Maharaja of Mysore, to L. Krishna Rao, Esq., Secretary to the Government of Mysore, Revenue Department.

I have the honor to submit herewith the following report on the working of the Local Audit Department of this office for the year 1915-16.

2 *Officers in charge.*—Mr. B. Srinivasaiengar, Assistant Comptroller, was in charge of the Department till 11th February 1916, and was succeeded on 12th February 1916, by Mr. T. Satyaraj Chetty, who remained in charge till 7th May 1916 On the transfer of Mr. T. Satyaraj Chetty to the Public Works Branch as Officiating Deputy Comptroller, Mr. A. Narasimhamurthi, Officiating Chief Superintendent, has been in charge of the department since 8th May 1916.

3. *Increase to the Staff of Auditors.*—A Commercial Auditor was appointed with effect from 16th February 1916 in accordance with Government Order No. Fl. 2853—G. F. 4-15-5, dated 23rd December 1915 to audit the accounts of commercial or quasi-commercial concerns in which Government have financial interest. Up to the end of June 1916 he audited the accounts of the Mysore Arts and Crafts Depot from April 1915 to May 1916 and introduced new forms of accounts to place the accounts of the Depot on a strictly commercial basis. His services were utilised by the Department of Industries and Commerce for prescribing the account books of the Mysore Soap Factory and the Sandalwood Oil Factory. He also conducted the examination of the books of the Mysore Tannery and the Mysore Spinning and Manufacturing Company for 1915 under the supervision of the Government Auditor of those institutions.

Increase to the staff of auditors.

5. *Arrears left out of the sanctioned programme.*—The work that remained in arrears at the close of the year under report out of the sanctioned programme is noted below:—

Outside Audit—Government Central Press.
Government Central Book Depot.
Implement Depot.
Amrut Mahal Department.
Local Service Regiment.
Infantry Office, Bangalore.
Infantry Office, Shimoga.
Kolar Gold Fields Superintendent's Office.
Government House, Mysore.
Mysore Jail.

Municipal Funds—Six minor Municipalities in Bangalore District; three in Tumkur District, thirteen in Mysore District; one in Hassan District; nine in Shimoga District, and eight in Chitaldrug District

6. Of the ten outside audit offices enumerated above, the audit of the accounts of the Government Central Press and the Central Book Depot was in progress at the close of the year and has since been completed. The audit of the accounts of the Implement Depot which was taken up during the year was suspended at the request of the Director of Agriculture as the registers of the Depot were incomplete and required to be written up for audit to be resumed. Owing to the inadequacy of the audit staff it was not possible to take up the audit of the remaining other seven offices. The audit of the accounts of forty minor Municipalities for 1914-15 remained in arrears at the close of the year owing to the absence of some senior auditors on deputation or on leave, whose places could not be filled up by suitable men without dislocating the work of other departments of this office. The work in arrears in this branch of local audit has since been completed.

7. *Embezzlements.*—The audit of the accounts of the Imperial Service Lancers' Depot conducted by Auditor Mr. M. K. Krishnaswami Iyengar disclosed a shortage of Rs. 2,406-9-11 in the cash balance of the "A" and "D" squadrons, due mainly to the omission of the Commanding Officers to examine periodically the cash on hand, and of the squadron writers to regularly write up the cash book. The deficiency of cash in the Imperial Service Lancers' Depot was reported to Government in the first instance by the Chief Commandant in his letter No. 4147, dated 30th October 1916, and the accounts were then audited by the Local Audit Department Staff in accordance with General Secretary's letter No. G. 5530—Mily. 30-13-7, dated 1st November 1915. Embezzlements of Octroi revenue to the extent of Rs. 435-14-8 in Arkalgud Municipality and of Rs. 62-8-0 in the Bangalore City pound collections were also discovered by Local Auditors Messrs. Padmanaba Rao and Joseph Pillai respectively during the year. The accounts relating to these items of revenue are not properly scrutinised in several Municipal Offices. The culprits in all the three cases have been suitably punished.

8. *Defects and omissions in accounts (a) Outside audit.*—The important defects and omissions observed in course of audit of the accounts of the offices examined by the outside auditors are noted hereunder:—

(1) There were long delays in the recovery of amounts irregularly disbursed and of dues to departments on account of sales by credit, use of departmental carriages, etc., in the accounts of the Imperial Service Transport Corps, the Central Jail, the Mysore Jail and the Government Stables.

(2) There were several cases of erroneous recoveries observed during the examination of the Imperial Service Lancers' Depot accounts on account of subscriptions to the funds instituted according to departmental orders, and delay in the payment of amounts at the credit of retired officials.

(3) Irregular adjustment of amounts to be recovered on account of dress supplied to departmental subordinates was observed in the audit of the accounts of Military Funds, Office of the Inspector-General of Police and Imperial Service Lancers' Depot.

(4) There was delay in the adjustment of advances drawn for departmental requirements, and there were several cases of irregular advances to subordinate officials, in the offices of the Inspector-General of Police, Government Stables, the Central Jail, Imperial Service Transport Corps and Imperial Service Lancers' Depot.

(5) Omission to obtain proper security from officials in charge of departmental cash was noticed in the Stamp Superintendent's Office and in the Imperial Service Transport Corps.

(6) There was much delay in some cases in the remittance of departmental receipts to the Treasury in the Government Stables, the Stationery Depot and the Imperial Service Transport Corps.

(7) Failure to obtain and file properly vouchers for the remittance of departmental receipts to the treasury and for items of expenditure under Rs. 10 was noticed in the Stationery Depot, the Government Stables, the Stamp Manufactory, the Central Jail, the Mysore Jail, and Imperial Service Lancers' Depot.

(8) The amounts of undisbursed pay and travelling allowance were kept unduly long in the Stamp Manufactory and the Central Jail.

(9) The following registers of the Mysore Jail, the Central Jail, the Imperial Service Transport Corps, the Stationery Depot, Office of the Superintendent of Stamps, Stamp Manufactory and the Government Stables were found to be incomplete and not written up for some periods:—

(i) Stock registers of articles purchased for departmental requirements.

(ii) Registers showing the outturn of manufactured articles, and departmental sales.

(iii) Registers of departmental receipts and expenditure.

(10) The cash books of the Imperial Service Lancers' Depot were not regularly examined by the Officers in charge, nor were they written up regularly. Daily cash balances were not struck in the Central Jail.

(11) There was no periodical examination by departmental officers of the stock and sale registers in the Mysore Jail, the Central Jail, the Imperial Service Transport Corps and the Stationery Depot.

(12) The result of the verification of cash and stock on hand was not noted in the Central Jail.

(13) Indents were not obtained in several instances for issue of materials for manufacture of articles in the Mysore Jail, the Government Stables, and the Imperial Service Transport Corps.

(14) Advances issued and other transactions recorded in personal ledgers were not entered in the cash books of the Central Jail and the Government Stables.

(15) Payment of compensation for houses acquired under the Land Acquisition Regulation and expenditure on works without sanctioned estimates were observed in the accounts of the Mysore City Improvement Trust Board.

9. Instructions for the rectification of errors and supplying the omissions in the offices the accounts of which were examined by the outside auditors were given by the Officers in charge of the Local Audit Department during their inspections and incorporated in the audit notes.

10. (*b*) *District fund accounts.*—The main defects observed in the audit of District Fund accounts are the following:—

(1) Want of adequate safeguards for prevention of double claims due to omission to make proper entries showing—

(i) when supplemental claims were omitted in respect of amounts held over in original bills,

(ii) when amounts in deposit were refunded, and

(iii) when commission to pound-keepers was paid on the amounts realised as fines.

(2) Overpayment of horse allowance to Sanitary Inspectors for the period of joining time in cases of transfer.

(3) Omission to file properly payees' receipts and nominal rolls, as also completion bills for works.

(4) Submission of work bills without check of measurements by Vice-Presidents and subsequent passing of such bills in the Presidents' Offices without holding any reserve.

(5) Omission to note in the work registers outlay up to the end of previous years on account of incomplete works.

(6) Omission to note on the workbills details of previous payments.

(7) Non-maintenance of schedules of rates.

(8) Non-production of the treasury passbook of the Mysore District Board President's Office for 1914-15 for examination except for a portion of June 1915.

(9) Want of stock certificates for articles purchased in the bills relating thereto.

(10) Omission to maintain a regular account of furniture supplied to 3rd class travellers' bungalow in the Mysore District.

(11) The Demand, Collection, and Balance accounts of Taluk Boards and cancelled cheques in the Bangalore District were not available for examination.

(12) Omission to note and file properly intimations of adjustments in accounts sent by this office.

(13) Omission to work out the details of public debt balances and to explain the differences between the balances according to treasury passbook and the cash account.

(14) Want of regular examination of the District Board accounts by Finance Committees.

(15) Grant of irregular advances out of imprests and considerable delay in recovering them.

11. (*c*) *Kolar Gold Fields Sanitary Board accounts.*—The important defects discovered in the audit of Kolar Gold Fields Sanitary Board accounts were :—

(1) Want of adequate safeguards to recover fees for licenses for shops.

(2) Increase in the arrears of Mohatarfa taxes payable by the cooly colonies.

(3) Non-production of the counterfoil book of one cattle pound from 15th July 1914 to 8th August 1914, for examination.

12. Suitable instructions in regard to the rectification of errors and supplying the omissions were given by the local auditors who audited the accounts of District and Taluk Boards and of the Kolar Gold Fields Sanitary Board, and were also incorporated in the audit notes relating thereto.

13. (*d*) *Municipal Fund accounts.*—The important defects observed in the examination of the Municipal Fund accounts during the year are noted below :—

(1) The Jamabandi for 1914-15 had not been closed on 30th June 1915, in the Municipalities of Seringapatam, Chitaldrug and Channarayapatna.

(2) There was no general revision of Mohatarfa taxes for several years, especially in Hassan District.

(3) The arrears under vacant building sites tax are on the increase in some Municipalities, the heaviest being in Seringapatam, and very early action is required either to collect the outstanding arrears or to resume the sites in respect of which the arrears have accumulated and write off the arrears.

(4) There was an appreciable falling off of revenue under animal and vehicle taxes in the Bangalore City Municipality from Rs. 10,303 in 1913-14 to Rs. 7,087 in 1914-15. The demand registers of animal and vehicle taxes of this Municipality were not examined by the Executive Officers properly and it was observed that the arrears of previous years were not properly worked out and carried forward to the next year's demand. Nor were notices issued regularly for the collection of arrears. There was no demand register for the tax levied on cycles, and the cycles kept by cycle-dealers for hire were not taxed, and there was no satisfactory record to show the exact number of drivers' badges and cycle discs issued by the Municipality. It was also observed that the Government carriages used for hire were not registered.

(5) The system of numbering carts and other vehicles and issuing licenses for them was not adopted in the Kolar Town Municipality.

No. FL. 4856-904 G. F. 128-16-2, DATED 3RD MARCH 1917.

(6) The residential quarters of Government officials owned by Government departments in Kolar town were not taxed, and the valuation of similar buildings (both Government and Railway) in Bangalore City was not revised. Large arrears of house-tax on Government quarters provided for officials in Mudgere, Koppa and Tarikere were outstanding at the close of the year 1914-15.

(7) Mohatarfa collections during 1914-15, were slack in Bangalore City Municipality and in several Municipalities of Mysore and Hassan Districts and in some of the Municipalities in Bangalore and Chitaldrug Districts, and the arrears at the close of the year were heavier than at the commencement. The cause of the increase in arrears seems to be the omission on the part of the Vice-Presidents to issue timely demand notices, and to enforce their service and take proper co-ercive measures. The accumulation of arrears under toll aggregating Rs. 2,045-10-6 in Channarayapatna Municipality from 1911-12 to 1914-15 and Rs. 546-3-11 from 1912-13 to 1914-15 in Saklespur Municipality requires to be reduced very early. So also the arrears under ferry contract in the following Municipalities :—

Name of Municipality	Period	Amount Rs. a. p.
Channarayapatna	1907-08 to 1914-15 ...	599 6 0
Arkalgud	1900-01, 1902-03, 1911-12 to 1914-15 ...	1,046 2 2
Saklespur	1912-13 to 1914-15 ...	270 6 0

(8) There was a decrease in Octroi revenue on piece-goods in Turuvekere, Kunigal, Chikballapur and Sidlaghatta Municipalities, which needs investigation.

(9) Counterfoil books of Mohatarfa receipts were not in use in some of the Municipalities, *e.g.*, Saligram, Nagamangala and T.-Narsipur. The practice of issuing receipts on manuscript forms bearing no serial numbers and the seal of the Municipality requires to be put a stop to.

(10) No arrangements were made for opening a bonded warehouse for storing dutiable articles pending payment of duty on export outside the Municipal limits in Tarikere, Kolar and Tiptur.

(11) Treasury passbooks were not maintained in French Rocks, Melkote, Saligram and Yedatore Municipalities, and the petty cash book was not maintained in Magadi Municipality.

(12) The entries in plus and minus memos of Municipal deposits were not reconciled with the figures in the reviewed cash accounts received from the Comptroller in some cases.

(13) There was considerable delay in recouping the amount spent out of imprest cash in some Municipalities since 1908-09. A strict enforcement of the provisions of the Municipal Account Manual requiring the recoupment of imprest in full before the close of each month is very necessary.

(14) The register of public works was not maintained in Form No. 72 and the outlay up to the end of previous years was not posted in the case of incomplete works in some of the Municipalities.

(15) Schedule of rates for 1914-15, was not maintained in some Municipalities.

(16) The net sale proceeds of cattle were in some cases credited direct to Municipal revenues instead of to deposits in the first instance.

(17) Intimations of adjustments effected in the Comptroller's Office were not properly noted in some Municipalities.

(18) The amount of cheques issued each month was not correctly noted by several Municipalities in the cash account.

(19) The orders in the mutation registers were not noted in the assessment register and there was no note made about the correctness of previous years' arrears brought forward in the demand registers in some Municipalities.

14. Instructions for the correct preparation of Municipal accounts and for the maintenance of registers were given by the officers in charge of the Local Audit Department in their tours in Bangalore, Kolar, Kadur, and Shimoga Districts during the year and by the local auditors during the audit of the accounts and the existing defects were also pointed out in the audit notes for necessary action being taken for their rectification.

15. *Audit of Local Fund Accounts by local bodies.*—Instructions for the guidance of (1) audit committees appointed by Municipal Councils to examine their accounts and (2) Finance Committees to examine the accounts of District Boards prepared by this office were approved

No. FL. 4856-904—G. F. 128-16-2, DATED 3RD MARCH 1917.

(2) Overpayment of horse allowance to Sanitary Inspectors for the period of joining time in cases of transfer.

(3) Omission to file properly payees' receipts and nominal rolls, as also completion bills for works.

(4) Submission of work bills without check of measurements by Vice-Presidents and subsequent passing of such bills in the Presidents' Offices without holding any reserve.

(5) Omission to note in the work registers outlay up to the end of previous years on account of incomplete works

(6) Omission to note on the workbills details of previous payments.

(7) Non-maintenance of schedules of rates.

(8) Non-production of the treasury passbook of the Mysore District Board President's Office for 1914-15 for examination except for a portion of June 1915.

(9) Want of stock certificates for articles purchased in the bills relating thereto.

(10) Omission to maintain a regular account of furniture supplied to 3rd class travellers' bungalow in the Mysore District.

(11) The Demand, Collection, and Balance accounts of Taluk Boards and cancelled cheques in the Bangalore District were not available for examination.

(12) Omission to note and file properly intimations of adjustments in accounts sent by this office.

(13) Omission to work out the details of public debt balances and to explain the differences between the balances according to treasury passbook and the cash account.

(14) Want of regular examination of the District Board accounts by Finance Committees.

(15) Grant of irregular advances out of imprests and considerable delay in recovering them.

11. (*c*) *Kolar Gold Fields Sanitary Board accounts.*—The important defects discovered in the audit of Kolar Gold Fields Sanitary Board accounts were :—

(1) Want of adequate safeguards to recover fees for licenses for shops.

(2) Increase in the arrears of Mohatarfa taxes payable by the cooly colonies.

(3) Non-production of the counterfoil book of one cattle pound from 15th July 1914 to 8th August 1914, for examination.

12. Suitable instructions in regard to the rectification of errors and supplying the omissions were given by the local auditors who audited the accounts of District and Taluk Boards and of the Kolar Gold Fields Sanitary Board, and were also incorporated in the audit notes relating thereto.

13. (*d*) *Municipal Fund accounts.*—The important defects observed in the examination of the Municipal Fund accounts during the year are noted below :—

(1) The Jamabandi for 1914-15 had not been closed on 30th June 1915, in the Municipalities of Seringapatam, Chitaldrug and Channarayapatna.

(2) There was no general revision of Mohatarfa taxes for several years, especially in Hassan District.

(3) The arrears under vacant building sites tax are on the increase in some Municipalities, the heaviest being in Seringapatam, and very early action is required either to collect the outstanding arrears or to resume the sites in respect of which the arrears have accumulated and write off the arrears.

(4) There was an appreciable falling-off of revenue under animal and vehicle taxes in the Bangalore City Municipality from Rs. 10,303 in 1913-14 to Rs. 7,087 in 1914-15. The demand registers of animal and vehicle taxes of this Municipality were not examined by the Executive Officers properly and it was observed that the arrears of previous years were not properly worked out and carried forward to the next year's demand. It was also observed that the Government carriages used for hire were not registered.

(5) The system of numbering carts and other vehicles and issuing licenses for them was not adopted in the Kolar Town Municipality.

No. FL. 4856-904--G. F. 128-16-2, DATED 3RD MARCH 1917.

(6) The residential quarters of Government officials owned by Government departments in Kolar town were not taxed, and the valuation of similar buildings (both Government and Railway) in Bangalore City was not revised. Large arrears of house-tax on Government quarters provided for officials in Mudgere, Koppa and Tarikere were outstanding at the close of the year 1914-15.

(7) Mohatarfa collections during 1914-15, were slack in Bangalore City Municipality and in several Municipalities of Mysore and Hassan Districts and in some of the Municipalities in Bangalore and Chitaldrug Districts, and the arrears at the close of the year were heavier than at the commencement. The cause of the increase in arrears seems to be the omission on the part of the Vice-Presidents to issue timely demand notices, and to enforce their service and take proper co-ercive measures. The accumulation of arrears under toll aggregating Rs. 2,045-10-6 in Channarayapatna Municipality from 1911-12 to 1914-15 and Rs. 546-3-11 from 1912-13 to 1914-15 in Saklespur Municipality requires to be reduced very early. So also the arrears under ferry contract in the following Municipalities :—

Name of Municipality	Period	Amount Rs.	a.	p.
Channarayapatna	1907-08 to 1914-15 ...	599	6	0
Arkalgud	1900-01, 1902-03, 1911-12 to 1914-15 ...	1,046	2	2
Saklespur	1912-13 to 1914-15 ...	270	6	0

(8) There was a decrease in Octroi revenue on piece-goods in Turuvekere, Kunigal, Chikballapur and Sidlaghatta Municipalities, which needs investigation.

(9) Counterfoil books of Mohatarfa receipts were not in use in some of the Municipalities, *e.g.*, Saligram, Nagamangala and T.-Narsipur. The practice of issuing receipts on manuscript forms bearing no serial numbers and the seal of the Municipality requires to be put a stop to.

(10) No arrangements were made for opening a bonded warehouse for storing dutiable articles pending payment of duty on export outside the Municipal limits in Tarikere, Kolar and Tiptur.

(11) Treasury passbooks were not maintained in French Rocks, Melkote, Saligram and Yedatore Municipalities, and the petty cash book was not maintained in Magadi Municipality.

(12) The entries in plus and minus memos of Municipal deposits were not reconciled with the figures in the reviewed cash accounts received from the Comptroller in some cases.

(13) There was considerable delay in recouping the amount spent out of imprest cash in some Municipalities since 1908-09. A strict enforcement of the provisions of the Municipal Account Manual requiring the recoupment of imprest in full before the close of each month is very necessary.

(14) The register of public works was not maintained in Form No. 72 and the outlay up to the end of previous years was not posted in the case of incomplete works in some of the Municipalities.

(15) Schedule of rates for 1914-15, was not maintained in some Municipalities.

(16) The net sale proceeds of cattle were in some cases credited direct to Municipal revenues instead of to deposits in the first instance.

(17) Intimations of adjustments effected in the Comptroller's Office were not properly noted in some Municipalities.

(18) The amount of cheques issued each month was not correctly noted by several Municipalities in the cash account

(19) The orders in the mutation registers were not noted in the assessment register and there was no note made about the correctness of previous years' arrears brought forward in the demand registers in some Municipalities.

14. Instructions for the correct preparation of Municipal accounts and for the maintenance of registers were given by the officers in charge of the Local Audit Department in their tours in Bangalore, Kolar, Kadar, and Shimoga Districts during the year and by the local auditors during the audit of the accounts and the existing defects were also pointed out in the audit notes for necessary action being taken for their rectification.

15. *Audit of Local Fund Accounts by local bodies.*—Instructions for the guidance of (1) audit committees appointed by Municipal Councils to examine their accounts and (2) Finance Committees to examine the accounts of District Boards prepared by this office were approved

by Government and are now in the press. The instructions for the audit of these accounts will, when issued, enable the local bodies to take adequate measures for safeguarding their revenues and controlling their expenditure properly.

16. Most of the defects brought to notice are due to the inefficiency of Local Fund clerks of Taluk Offices who maintain and compile original accounts of Municipal and District Funds and to want of adequate supervision over their work. The pay now given to them does not attract efficient men. If the pay and prospects of these officials are suitably improved, as already suggested in para 13 of this office letter No. 2661—L. A. D. 320 of the 1st October 1915, competent men can be secured for the posts and better work expected of them.

17. *Special Audits.*—Four special audits were undertaken during the year by auditors appointed with sanction of Government conveyed in each case, of which the audit of the accounts of the estate of the minor son of the late Rao Bahadur Gubbi Thotadappa from 14th December 1913 to 30th June 1915, was completed and the three remaining audits as noted below were in progress at the close of the year and have been since completed :—

Name of institution.	Period.
i. Estate of the minor son of the late Rao Bahadur Gubbi Thotadappa.	21st February 1913 to 14th December 1913.
ii. Government Central Book Depot ...	1st July 1913 to 30th June 1916.
iii. Military Secretary's Office	1898 to 1915.

18. *Revision of the account forms of Local Service Regiment.*—In addition to the audit work noted in the foregoing paragraphs the revision of the account forms of the Local Service Regiment was undertaken by Mr. T. Satyaraj Chetty during the year with the aid of an Accountant appointed for a period of three months from 1st February 1916, to 30th April 1916. The regimental offices at Bangalore, Mysore, and Shimoga were inspected in connection with this work, and the report drawn up by Mr. Satyaraj Chetty after ascertaining the views of the Personal Assistant to the Chief Commandant on the subject was submitted for orders of Government during the year.

19. *Disposal of audit notes.*—There was, as usual, considerable delay in the return of audit notes sent to Heads of Departments and Presidents of local bodies for replies. In some cases notes relating to previous audits were pending undisposed of when subsequent audits were taken up. Unless the officers concerned speedily dispose of audit notes and conform strictly to the prescribed account procedure and rules, the same irregularities will continue to repeat year after year and the object of the audits is defeated and the condition of accounts of the local bodies and offices will continue to be as unsatisfactory as ever. A statement showing the audit notes still pending replies is attached to this report.

Read—

Letter No. 6438, dated 26—27th January 1917, from the Secretary, Insurance Committee, submitting the report on the working of the State Life Insurance Scheme during 1915-16.

Order No. Fl. 4953-4—G. F. 37-16-2, dated 5th March 1917.

During the year under review there was a large increase in the number of policies dealt with, the total number of policies being 2,078 as against 1,623 in the previous year and 1,220 in 1913-14.

2. The receipts and expenditure of the Fund during the year amounted to Rs. 4,92,651 and Rs. 1,44,883 respectively and the closing balance at the credit of the Fund rose from Rs. 32,63,063 to Rs. 36,10,831.

3. Sixty-two persons holding 134 policies assuring a bonus of Rs. 82,482-8-0 attained their 55th year during the year under review. The claims of 37 of these were discharged during the year and the claims of the other 25 were in course of adjustment.

4. The total number of casualties of insured reported during the year was 85 of which 20 per cent was due to plague. Including 81 death claims amounting to Rs. 58,590, together with Reversionary bonus addition of Rs. 3,224 discharged during the year, 1,050 death claims for Rs. 8,98,327-14-4 have been discharged since the inception of the Fund. The death claims pending at the close of the year under review was 129 as against 125 in the previous year. It is observed that seven cases, covering 13 policies have been outstanding for over a decade.

5. The cost of management for the year was 3·12 per cent of the total premium income as against 2·60 in the previous year, the slight increase being due to fees paid for medical examination.

6. The percentage of the net balance at the credit of the Fund after allowing for unpaid claims to the total liability rose from 34·58 to 35·32.

7. There was no addition to the Family Pension Branch during the year. The income, expenditure and closing balance of this branch during 1915-16 was 1,015, 1,449 and Rs. 2,769-12-3 respectively. The large expenditure being due to arrear payments made during the year. Proposals for the revision of the rules and table of rates in the working of this branch made by the Insurance Committee in accordance with the recommendation of the Actuary with the view of making the scheme more popular are under the consideration of Government.

8. The Scheme of the Mysore State Life Insurance was extended to the non-official public in Mysore in Government Order No. 2704-53—G. F. 64-15-1, dated 16th December 1915, but as the rules under which the extension was to be worked were sanctioned in July 1916, the operations in the public branch have commenced during the current year.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Letter No 5374, dated 6th January 1917, from the Comptroller to Government, submitting the statements of loans and advances for 1915-16, as noted in the margin

1. Loans to encumbered inamdars.
2. Special Loans
3. Loans to Agricultural Banks
4. Loans to Co-operative Societies
5. Other loans
6. Loans to owners of lands submerged by the Cauvery Reservoir.

Order No. Fl. 5300-9—G. F. 141-16-6, dated 14th March 1917.

Loans to encumbered Inamdars.—At the beginning of the year under report, the outstandings under the head amounted to Rs. 5,93,553-0-11 and the recoveries during the year amounted only to Rs. 9,172-11-4, leaving a balance of Rs. 5,84,380-5-7 at the close of the year. The amount overdue on account of interest alone was Rs. 59,052-6-10.

Of the eleven items noted in the statement, the account of Messrs. T. Srinivasa Rao and Kesaviah, against which a credit balance of Rs. 144-15-3 was entered in the statement of 1914-15, is repeated in the statement of 1915-16 also, and no reasons are assigned as to why the excess recovery was not adjusted and the accounts finally closed. Recoveries have been regular only in respect of five loans, while, in regard to the undermentioned five other cases, special action is necessary.

1. Loans to Mr. Siddaraj Urs and Krishnarajammanni.
2. Loans to late Mr Basappaji Urs
3. Loans to late Mr. Dalvoi Devaraj Urs
4. Loans to Mr. Sannu Rao and others of Bakshi Tippiah's family.
5. Loans to Mr. Ramanna and others of Nanndagudi family.

No amounts were credited towards the principal in any of these cases; the interest due from Sannu Rao and others has fallen into arrears, while the realisations made in the other cases, except that of Mr. Dalvoi Devaraj Urs, have, as observed in Government Order No. Fl. 4675-8—G. F.-118-15-9, dated 23rd February 1917, been inadequate even to meet the current interest, and consequently the overdue interest has been accumulating year after year.

The reports called for from the Deputy Commissioners of the Bangalore and Mysore Districts, in the Government Order referred to above regarding the fall in the realisations from the mortgaged properties which are under Government management should be expedited.

Regarding the loan accounts of Sannu Rao and others of Bakshi Tippiah's family, Government note that the final report promised by the Comptroller in his letter No. 7408—Loans 1243, dated 25th March 1916, is still due. The Deputy Commissioner of the Hassan District is requested to furnish the necessary information in regard to the collections of the inam villages belonging to this family situated in his district at a very early date to enable the Comptroller to submit his report to Government.

2. *Special Loans.*—It is observed that out of 22 items under this head, accounts of three loans were closed during the year under report and that of another* in August 1916. An excess recovery of Rs. 1,050-9-3, made towards

* Bikaneer State.

interest from the Mysore Spinning and Manufacturing Company, requires to be adjusted. Of the other eight items outstanding since 1914-15, it is noted that no recovery has been made in two cases, *viz.*, from (2) Pandit Ayyasastri of Mysore, and (12) Mr. S. P. Chinnappa of Education Department. Necessary action should be taken for the adjustment of these loans. The case of Dr. Giri has been dealt with in Government Order No. 5375—Edn. 75-13, dated 15th January 1917. The total outstandings under this head on 1st July 1915 were Rs. 9,10,230-15-6 and with the sum of Rs. 6,956-4-7 advanced during the year under report, the total amount due was Rs. 9,17,187-4-1. The recoveries in 1915-16 amounted to Rs. 5,95,124-4-9 and the balance outstanding at the end of June 1916 was Rs. 3,22,062-15-4.

3. *Loans to Agricultural Banks.*—Under this head, the amount due and that recovered up to the end of 1915-16 were Rs. 5,82,373-12-4 and Rs. 3,79,411-4-4, respectively, leaving a balance of Rs. 2,02,962-8-0 under principal. The amount of interest due up to 1915-16 was Rs. 3,44,485-5-5 out of which Rs. 2,33,692-8-3 were recovered, a balance of Rs. 1,10,792-13-2 having been outstanding on this account at the end of the year under report. Of this amount a sum of Rs. 1,06,638-7-5 was overdue from the two Coffee Banks of Chikmagalur and Saklespur alone.

4. *Co-operative Societies.*—The total advances to the Co-operative Societies and the recovery made during the year 1915-16, amounted to Rs. 8,450-3-1 and Rs. 2,725-3-1, respectively, leaving a balance of Rs. 5,725-0-0 outstanding.

5. *Other Loans and Loans to owners of lands submerged by the Krishnarajasagara.*—During the year under report, loans to the extent of Rs. 7,500 were given to three persons under Government Order No. R. 4323-38—Agri. 17-14-2, dated 26th April 1915, to start dairy farms, and advances amounting Rs. 41,954-10-8 were made to the owners of lands submerged by the "Krishnarajasagara."

Dasara Representative Assembly Subject No. 154 of 1916, regarding the desirability of the location of excise shops in consultation with local bodies.

2. Letter No. G. C. 163-16 dated, the 15th February 1917, from the Excise Commissioner in Mysore:—

> "Adverting to your letter No. Fl. 4030—S. R. 136-16, dated 19th January 1917, I have the honour to state that I consider it desirable to delegate to local bodies the power of fixing the number and location of Excise Shops within the limits of their jurisdiction. The system may, however, be tried, to begin with, in the cities of Bangalore and Mysore and in the Kolar Gold Fields, for a couple of years and the question of its further extension to other places considered in the light of the experience gained meantime.
>
> I would propose the Licensing Boards being constituted as follows:—
>
> Deputy Commissioner and District Magistrate (Chairman).
>
> Superintendent of Police.
>
> District Excise Officer (Secretary).
>
> Three members to be elected by the City Municipal (Sanitary Board in the case of the Kolar Gold Fields) Council in this behalf to represent local opinion.
>
> The decisions of the Licensing Board would be final as regards the number and the location of the shops; in cases of opinion being equally divided the Chairman would have the casting vote, otherwise the opinion of the majority would prevail."

Order No. Fl. 5371-82—S. R. 136-16-4, dated 17th March 1917.

The proposals of the Excise Commissioner to form Licensing Boards in the cities of Bangalore and Mysore and the Kolar Gold Fields made in the letter read above are approved. The system will be adopted for two years as recommended.

2. Government consider that all town Municipalities to be constituted in Government Order No. 3005-55—Ml. 132-16-1, dated 16th November 1917, should also be given some advisory function in regard to fixing the number and location of excise shops. The Excise Commissioner is requested to take needful action in the matter.

3. Government will be glad to have a report from the Excise Commissioner at the end of a year on the working of this new arrangement.

Letter No. 3670, dated 23rd October 1907, from the Conservator of Forests in Mysore forwarding for the orders of Government certain proposals made by the Officer in charge of Game Preserves for the amendment of the Game Rules together with his remarks thereon.

2. Letter dated 10th April 1909, from Mr. R W. Hanson, Superintendent of Post Offices, Shimoga Division, forwarding certain proposals for amending the Game Laws.

3. Letters from the Conservator of Forests in Mysore, the Revenue Commissioner in Mysore and the District Magistrates forwarding their opinion in the matter.

Order No. J. 3405-15—Legis. 12-07-26, dated 17th March 1917.

After a careful consideration of all the opinions, Government consider it desirable to amend the Rules issued under the Game and Fish Preservation Regulation, 1901, so as to provide for the following, *viz*:—

(1) To prohibit absolutely for a period of five years the killing or capture of antelope in the Mysore, Bangalore, Kadur and Hassan Districts and to restrict the shooting thereof to only one mature antelope with horns not less than fifteen inches long in a year by each license-holder in other districts;

(2) To prohibit absolutely the killing of mature male sambhar or spotted deer, if it is hornless or its horns are in velvet;

(3) To exempt certain class of officers from the necessity of taking out licenses for shooting while travelling on Government duty;

(4) To restrict the aggregate number of bison, chital, sambhar and barking deer or muntjac that can be allowed to be killed by any one person holding a license, to two, four, two and two, respectively, in any one calendar year and to provide for every license-holder giving the local Forest Officer notice of his intention to shoot in a State Forest;

(5) To prohibit the license-holder from sitting over water holes and salt licks and shoot game;

(6) To restrict camping by the license-holder to regular camping grounds or places specially pointed out to him by a Forest Officer;

(7) To empower the Game Supervisors and Game Watchers also to arrest any person committing a breach of the Game Laws; and

(8) To provide for the delivering up a license by the license-holder after the period covered by the license expires.

2. Government also deem it desirable to allow rewards being given to informers or other persons who may render service to Government by detecting or preventing breaches of Game Laws and to issue rules on the lines of the rules for the grant of rewards in Excise cases.

3. The accompanying Notifications containing the necessary amendments and rules referred to in paragraphs 1 and 2 above will be published in the official Gazette.

4. Government desire to impress on all Forest Officers the importance of their using every personal effort to put a stop to the wanton destruction of game which has been going on almost unchecked for years past.

NOTIFICATIONS.

In exercise of the powers conferred by the Mysore Game and Fish Preservation Regulation, 1901, the Government of His Highness the Maharaja of Mysore are pleased to direct that the Rules published with Notification No. 9007—Legis. 56, dated 11th December 1901 as amended from time to time be further amended as follows:—

Rule 3—"3 (1) The killing or capture of birds with bright coloured plumage and of peafowl is prohibited for a further period ending with the 30th June 1917.

The killing or capture of antelope is prohibited for a period of five years absolutely in the districts of Mysore, Bangalore, Kadur and Hassan and subject to the provision in paragraph 2 of the rule in the other districts.

(2) The District Magistrate may, on the application of a game license under these rules grant written permission to such holder to shoot within the year for which the license was granted only one mature antelope with horns not less than 15 inches long. A report of the antelope shot shall be furnished to the District Magistrate by the license-holder without unreasonable delay."

Rule 6.—The following shall be inserted as clause (d) to this rule the present clause (d) being changed to clause (e), *viz.*, "(d) Any mature male sambhar or spotted deer, if it is hornless or its horns are in velvet."

Rule 6.—The following shall be inserted as an exception to this rule.

"*Exception.*—The following classes of officers when travelling on Government duty in their respective jurisdiction are exempted from taking out a license and may stalk or track game in any forest open for shooting, obtaining a permit from the Conservator of Forests in Mysore or from any officer authorised by him in this behalf. They should not beat or drive and shall observe the close seasons and other restrictions under the Rules.

(1) All Heads of Departments;

(2) All Deputy Commissioners and District Magistrates of Districts;

(3) Gazetted Forest Officers; and

(4) Gazetted Police Officers."

New Rules 10 C, 10 D and 10 E.—After Rule 10 B the following shall be inserted as Rules 10 C, 10 D and 10 E.

"10 C (a) The aggregate of game of the following species allowed to be killed by any one person holding a license under these rules during the calendar year for which the license is granted shall not exceed.

(1) Two bison;
(2) Four chital;
(3) Two sambhar; and
(4) Two barking deer or muntjac.

These restrictions shall be in force for a period of five years from the date of this notification.

(*b*) License-holders shall not enter any forest without previously giving notice to the local forest official of their intention to shoot therein.

Note.—A bison, chital, sambhar, or barking deer once wounded counts towards the above limit whether brought to bag or not.

10 D. The holder of the license granted either under Game Rules or Arms Regulation for the protection of crop and self-defence, shall not sit up over water or over salt-licks for the purpose of shooting any animal other than carnivora.

10 E. The holder of a license shall camp only on such regular camping grounds in the forest as may have been set apart by forest authorities or in places specially pointed out to him by a forest officer.

11. *Rule.*—In the second paragraph of Rule 11, the words "Game Supervisors and Game watchers" shall be inserted after the wards "Forest Guards."

12. *Rule.*—At the end of Rule 12 the following words shall be added—

"and to deliver up the license at the end of the calendar year for which the license is granted, to the authority empowered to grant the license or to the nearest Forest or Police Officer of or above the rank of a Forest Ranger or a Police Inspector as the case may be."

The following rules for the grant of rewards to informants in cases of infringement of Game Laws are sactioned by Government.

Rules for the grant of Rewards to informers and others who may render service to Government by detecting or preventing breaches of Game Laws.

No. J. 3405-15—Legis. 12-07-26, dated 17th March 1917.

(1) In any case in which a penalty or confiscation has been adjudged by competent authority under any law for the time being in force for the prevention of indiscriminate destruction of wild animals and birds and for the protection of game and fish in Mysore, the Conservator of Forests may grant, in such proportions as he thinks fit, to any person, or persons who may have contributed to the conviction of the offender or to the seizure of the property so confiscated, a reward not exceeding the sale proceeds or assessed value of the animal, bird or property confiscated plus the amount for which any other article confiscated may sell plus the amount of any fine imposed therein.

Provided always that the aggregate amount of the rewards thus granted in any one case, shall not exceed rupees fifty.

(2) In any case in which any person or persons may have been convicted of an offence against the Game Laws but in which no penalty or confiscation may have been imposed or realised or in which any person has performed any service of special merit in respect of the prevention or detection of any offence against the Game Laws, rewards may be granted to an aggregate amount of Rs. 25 (twenty-five).

(3) The Conservator of Forests may incur at his discretion an expenditure not exceeding rupees fifteen in each case for information which may lead to the prevention or detention of any offence against the Game Laws.

(4) Proposals for the grant of rewards and the incurring of expenditure in excess of the sums above set forth, should be reported for sanction of Government.

(5) Recommendation rolls for payment of rewards should be submitted to the Conservator of Forests after final conviction of the offenders in the Appellate Court, if an appeal has been presented, or after the period allowed for presenting the appeal has elapsed. These papers should show what amount, if any, has been realised by fines and sales of confiscated property in the case.

(6) On receipt of the recommendation rolls the amount sanctioned by the Conservator of Forests will be drawn on abstract contingent bills and forwarded to the officer concerned.

Payments of rewards must be made personally by the Deputy Commissioners, Deputy Conservator of Forests or the District Forest Officers, as the case may be, and acknowledgments obtained from the payees and forwarded to the office of the Conservator of Forests.

(7) No delay should be permitted in the disbursement of rewards.

(8) Rewards in special cases may, with the previous sanction of Government, be made in any other form than a grant of money.

Letter No. 5954, dated the 13th November 1915, from the Revenue Commissioner in Mysore, submitting for orders copy of letter No. 478, dated the 5th idem and its enclosure from the Deputy Commissioner, Bangalore District, stating, with reference to Government Notification No. 11372—Ml. 160-12-12, dated the 12th May 1914, that the Mohatarfa account of the Sunkenahalli village, Bangalore Taluk, for 1914-15 was prepared by the village officials of the Revenue Department that the Collector of taxes of the Bangalore City Municipality has also valued the houses in the village for being assessed to Municipal house-tax and that no orders have been received transferring the jurisdiction over the village from the Revenue Department to the City Municipality, and soliciting instructions in the matter and also whether the Land Revenue of the village should be made over to the City Municipality.

2. Letter No. 6336, dated the 23rd November 1915, from the same officer soliciting instructions as to whether the entire amount of land revenue on certain lands of Ketamaranahalli and other villages which have been included within the Bangalore City Municipal limits may be credited to Municipal Funds.

3. Correspondence ending with letter No. 214, dated the 15th February 1916, from the President, Bangalore City Municipal Council, stating that no assignment of land revenue in respect of lands newly included within Municipal limits appears to have been made to the City Municipality subsequent to 1876.

Order No. 5934-7—Ml. 153-15-7, dated 12th March 1917.

It is observed that the inclusion of any village within Municipal limits *ipso facto* empowers the local Municipal Council to extend to the village the benefits of Municipal administration and assess all buildings therein to Municipal taxes, the levy of the Mohatarfa tax by the Revenue Department being generally discontinued simultaneously. Any doubts which may exist in this respect for want of definite orders will be set at rest by the issue of a separate circular order. The Revenue Department will, of course, continue to exercise jurisdiction under the Land Revenue Code so far as Land Revenue is concerned.

2. The question of granting to the Municipal Council the land revenue on agricultural lands included within the City Municipal limits subsequent to the issue of the Chief Commissioner's order of the 8th June 1876 will be considered along with the development of Local Self-Government Scheme and in particular with that of the development of Municipal resources and taxation.

Order No. 5938-49—Ml. 153-15-8, dated 12th March 1917.

It has been brought to the notice of the Government that in a certain village ordered to be included within the limits of the adjoining Municipality, both the Municipal and Revenue authorities proceeded to assess the houses therein to Municipal taxes and Mohatarfa respectively. Government observe that this double taxation is wrong, and direct that in such cases the levy of Mohatarfa by the Revenue Department should cease simultaneously with the inclusion of the village within Municipal limits. The local Municipal Council should take steps to introduce Municipal taxes, immediately on the publication of such a notification.

The Government of Mysore.—(The Mysore City Municipal Council, by Mr. C. S. Doraswami Iyer, the Government Advocate on behalf of Government).

Vs.

Accused. Respondent.

Mohansingh.—(By Mr. Murthi Rao).

Criminal appeal against the order of acquittal passed by the Bench of Honorary Magistrates of Mysore City $\frac{\text{in Criminal case No. 403}}{\text{Summary No. 445}}$ of 1915-16.

This appeal coming on for hearing on Monday, the 15th day of January 1917, the Court delivered the following.

JUDGMENT:—

This is an appeal presented on behalf of Government from an order of acquittal passed by the Bench of Magistrates, Mysore City.

The Respondent Mohansingh is the proprietor of a small bakery within Municipal limits. The case laid against him was that he did not comply with a notice from the Municipal Council requiring him to enlarge his bakery building and to take water service, that is to say, water connection from the main delivery pipe, to his premises. The accused pleaded that, as the neighbouring shops on either side belonged to third persons who were unwilling to sell or lease the same, it was impossible for him to enlarge his present building, and that, his business having seriously declined, there was no necessity to take water service and he had no means for doing so. These statements, in support of which several witnesses were examined for the defence, were accepted as proved by the Bench of Magistrates, and the accused was acquitted.

The correctness of the facts as accepted by the Bench is not now questioned. But it is contended by the learned Government Advocate that the accused is in any case technically guilty of an offence punishable under Section 48 (1) (c) of the Municipal Regulation, VII of 1906, read with the penal bye-law XI, his action in not enlarging his premises or, in the alternative, not ceasing to carry on his profession therein if it was not possible to enlarge them, and in not taking water connection from the main delivery pipe, being opposed to the bye-laws framed in this behalf.

The particular bye-law considered to have been infringed is bye-law No. XX II, of which the portion relevant for the present case runs thus:—

"All premises used as bakeries and sweetmeat shops shall satisfy the following conditions:—

(*a*) The premises shall be sufficiently spacious and suitable for a bakery or sweetmeat shop.

(*b*) The premises shall have a water connection from the water main, and such connection and all fittings thereof shall be kept in proper order and efficient action so as to provide for use on the premises a sufficient supply of water for the purpose of thoroughly washing and cleaning such premises."

In our opinion, it is open to considerable doubt whether all these conditions can be regarded as strictly falling within the scope of clause (c) of section 48 (1) of the Municipal Regulation, under which the bye-law purports to have been prescribed. Neither of the conditions has any obvious connection with the "Inspection" of bakeries and while a provision for keeping an adequate supply of water may be necessary "for securing the cleanliness" of such places, it seems to be an abuse of the bye-law making power to require, as in condition (b) that the water required for that purpose must only be obtained by taking a connection from the water main. The evidence in the present case is that it is impossible to introduce a water tap into the one *ankanam* area of which the accused's bakery consists, and that a few tins of water from the nearest public fountain or well are enough to meet all reasonable requirements.

While condition (b) is thus unnecessarily onerous, condition (a) as framed is most vague and indefinite. It says that the premises shall be "sufficiently spacious and suitable" for a bakery, but omits to lay down any criterion by which to judge whether a particular building satisfies this requirement. Nor, we may add, has the prosecution attempted to show that for practical purposes it is to be

regarded as a reasonable standard of "spaciousness" and "suitability." If it were merely a question of obtaining a license prior to using a building as a bakery, there would be little difficulty; the matter would depend upon the judgment of the authority empowered to grant the license, and as the condition would have been satisfied or ensured before the license was granted, the contingency of an infringement would rarely, if ever, arise. But the bye-laws we are dealing with do not contemplate a system of previous licenses, and are applicable to premises already being used as bakeries. That being so, it is difficult to see how a condition of this indefinite kind can be enforced on the keepers of such bakeries.

We have already expressed our doubts as to the validity of the particular bye-law itself.

We are therefore unable to accept the contention of the learned Government Advocate, and we direct that the appeal be dismissed.

Correspondence ending with letter No. 48, dated the 15th January 1916, from the Deputy Commissioner and Chairman, Malnad Improvement Committee, Shimoga District, on the subject of certain new roads proposed to be opened in the district.

2. Letter No. 62, dated the 12th October 1916, from Mr. Matthan, Deputy Commissioner, Mysore District, submitting his views about the importance and urgency of the roads proposed to be opened and the order in which they should be taken up and the source from which the expenditure should be met.

Order No. 5733-6—San. 87-15-9, dated 6th March 1917.

After due consideration of the proposals in consultation with the Chief Engineer and Mr. Matthan, Government are pleased to direct that with a view to provide increased facilities of communication as a measure relating to the improvement of the malnad, the roads to be opened may be classified on the following basis:—

(1) Important roads required for the opening out of the malnad parts of the district,

(2) other important roads of general interest, and

(3) roads of less importance or of local interest only. A list showing the roads to be included in the three groups as specified above is appended to this order.

2. The entire cost of the roads in the first group and two-thirds of the cost of the roads in the second group should be met from the sanctioned grants in the Public Works Department Budget for 1916-17 and subsequent years. One-third of the cost of the roads in the second group and the entire cost of the roads in the third group should be provided for by the District Board, the works being taken up for execution in the order of urgency and as funds permit.

3. The Chief Engineer is requested to take all the steps necessary to ensure the prompt preparation of estimates and for the execution of the road works within a reasonable time. The action taken by him and a programme fixed by him for this purpose may be intimated to Government.

4. The maintenance of all the roads will devolve on the District Board concerned.

Government Order G. 10405—Mily. 29-14-13, dated 30th March 1915, requiring that sanction of Government should be obtained for the sale of horses privately.

Government Order No. G. 14467-9—Mily. 21-14-426, dated 24th June 1915, prescribing certain rules for the purchase of horses.

Letter No. 9885, dated 8th April 1916, from the Chief Commandant, Mysore State Troops, proposing certain additions to the Chanda Rules with a view to modify the above orders so that in the interest of the Chanda Fund, he may have a free hand in its management and in the buying or selling of horses.

Order No. G. 12259-60—Mily. 241-15-2, dated 10th March 1917.

As Government are contributing a sum of Rs. 13,000 annually towards the Chanda Fund, they should have some powers of control over the fund. They do not therefore consider it desirable to modify the existing orders read above.

Of the rules proposed, the following are approved with some additions and they may be included in the Chanda Rules sanctioned in Government Order No. G. 7368-9—Mily. 2-12-19, dated 10th December 1915 as 17A and 17B and incorporated in the Standing orders of the Imperial Service Lancers as paras 601A and 601B:—

"601 17 A. The Commandant will submit to the Chief Commandant twice a year, *i.e.*, on 1st of January and 1st of July in each year a list of horses to be cast. The Chief Commandant will then inspect them on parade and pass orders as to the horses to be cast.

601 B. 17 B. The Chief Commandant will arrange to purchase remounts required for the Regiment either twice or more times in a year according to necessity either at Madras, Bombay, or Calcutta, the average price of each horse not exceeding Rs. 490 except with the special sanction of Government. Every horse before it is purchased shall be certified by a Veterinary Officer to be sound and fit for service."

It is presumed that the accounts of the Fund are audited annually by the Comptroller in accordance with Government Order No. 2738-9-145, dated 28th May 1903.

Administration Report of the State Railway Department for the year 1915-16, received from the Secretary for Railways with his letter No. 1411, dated 8th November 1916.

Letter No. 1454, dated 13th November 1916, from the Secretary for Railways forwarding the statistical statements required to be furnished with the above report.

Order No. G. 12257-8—G. M. 334-16-6, dated 10th March 1917.

Recorded.

2. *Personnel.*—In consequence of the reversion to the British Service of Mr. C. D. Dove-Wilson, Agent and Engineer-in-Chief, State Railway Department, Rao Bahadur K. Krishna Iyengar, Officiating Secretary for Railways was appointed Engineer-in-Chief and Agent in addition to his other duties. Mr. G. Richards, employed by the Government of India on the investigation of railways, on the West Coast in Southern India, was appointed Consulting Engineer for the Mysore State Railways with the approval of the Railway Board with the Government of India. Mr. D. G. Dani, whose services were lent by the Government of India was appointed Superintending Engineer for the construction and open lines; while Mr. H. D. Rice was appointed Superintending Engineer for Railway Surveys.

3. *Administrative changes.*—In order to make the department self-contained, the Under Secretary to Government was appointed Deputy Agent and entrusted also with the duties of the Chief Store Keeper while an Engineering Assistant was appointed to help the Agent.

4. *Railway Committee.*—The Railway Committee appointed in the preceding year to advise Government in matters relating to Railway construction and management is reported to have met six times during the year and to have dealt with some of the large and important questions engaging the attention of the Department. Government are of opinion that a brief account of the more important questions dealt with and the resolutions recorded by the Committee may appropriately be given in future reports.

5. *State lines worked by the Madras and Southern Mahratta Railway Company.*—The length of the State Railway lines worked by the Madras and Southern Mahratta Railway Company remained the same as in the previous year, *viz.*, 411·17 miles. The capital account of these lines was credited during the year with a sum of Rs. 2,12,012 owing to some adjustments in stores balances. Government note with satisfaction the increase in the percentage of net earnings on the total capital outlay of Rs. 2,55,87,525 from 6·12 in 1914-15 to 7·06 in the year under report. This is due partly to the larger movements of food grains and other raw products and a general improvement in passenger traffic and partly also to the reduction in the amount of the total capital outlay referred to above.

The gross earnings during the year on these lines amounted to Rs. 38,61,625 and the working expenses to Rs. 20,54,474. The percentage of working expenses to gross earnings of the year works out to 53·20 against 56·27 in the preceding year. The net gain to the State during the year amounted to Rs. 6,35,141 against Rs. 4,09,276 in 1914-15.

No. G. 12257-8—G. M. 334-16-6, DATED 10TH MARCH 1917.

3. *Kolar District Railways.*—The section from Kolar to Chintamani was opened for all kinds of traffic on 6th March 1916, and the portion between Chintamani and Chikballapur was in progress at the close of the year. The capital expenditure for the year on the Kolar-Chikballapur Section of the Kolar District Railways amounted to Rs. 2,92,319-11-8. The percentage of working expenses to earnings was 60·96 in 1915-16, against 83·23 in 1914-15. The total length of the line open during the year was 40·71 miles.

7. *The Bangalore-Chikballapur Railway.*—Work on the Bangalore-Yelahanka Section (about 10·38 miles) which had to be done by the Madras and Southern Mahratta Railway Company, made no progress during the year. Estimates for this portion have been sanctioned and work is reported to be in progress. The capital expenditure on this line during the year was Rs. 58,717-7-9 and the gross earnings amounted to Rs. 68,134. The percentage of working expenses to earnings stood at 58·06.

8. *The Mysore-Arsikere Railway.*—Good progress is reported on the construction of this line (102·25 miles). Except for the erection of girders, the bridge work across the Lakshmanthirtha, the Cauvery and the Hemavati is stated to have been completed. Plate laying is being pushed on from both the Mysore and Arsikere ends. The line is expected to be ready for traffic by the end of the year 1916-17. The capital expenditure on this line during the year 1915-16 was Rs. 14,33,788-13-4, bringing the total outlay to Rs. 57,38,748-1-8.

9. *Tarikere-Narasimharajapura Tramway.*—The year's capital outlay on this line was Rs. 33,922-7-3 and the total to the close of the year stood at Rs. 2,98,757. The gross earnings amounted to Rs. 7,714. With a view to improve the entire line as also the rolling stock, the Tarikere-Lakkavalli Section which had been opened for traffic was temporarily closed and the work of improvement undertaken is proceeding though somewhat slowly. The remarks about the improvements required for this line appear to indicate that the preparation of the estimate in the first instance left much to be desired.

10. *Surveys and investigations.*—(1) The Shimoga-Arasalu line originally projected on a 2'—6" gauge was re-aligned during the year for a metre gauge railway as it is likely to form the first section of the projected Shimoga-Bhatkal Railway. A reconnaissance survey was started for a railway line down the ghauts and will be continued in 1916-17. The possibilities of making Bhatkal a port for the produce of the State are being investigated.

(2) The Survey of the remaining 6 miles of the Tadasa-Hebbe branch line was completed and the project estimate is under preparation.

(3) Four alternative routes for the Mysore-Coorg connection were investigated and estimates for a detailed survey of the approved line to Fraserpet were sanctioned. Survey of a tram line from Mysore to the Kakankote Forest was started during the year. A reconnaissance survey for extending the tramway from Narasimharajapura to Koppa and on to Sringeri was taken up.

11. *Accidents.*—There were on the State lines 28 accidents to persons, 37 derailments and 203 minor accidents. Government are of opinion that a statement furnishing information about the classes and number of accidents on each of the lines comprised in the State Railway system, distinguishing the accidents to human beings and to agricultural stock may usefully be added.

12. *General.*—In the statement of capital expenditure, a column to show the estimated amount will, it is believed, be of use in comparing the figures under the other two heads.

13. Government are pleased to note that the administration of the Railway Department during the year was on the whole satisfactory.

MEMORANDUM OF INSTRUCTIONS FOR COLLECTORS AND DEPUTY COMMISSIONERS WITH REGARD TO TROOPS MARCHING THROUGH DISTRICTS UNDER THEIR JURISDICTION

1. (i) On receipt of information that troops are to march through the district under his jurisdiction, the Collector or Deputy Commissioner will detail a police officer or other official to accompany them and take steps to prevent the irregular sale of liquor or fruits to the troops on or near the route, and exclude from the camp or its vicinity all women of loose character

(ii) The official will report himself to the Officer Commanding the troops the day before the troops enter limits of his jurisdiction, and remain with them until they leave it

(iii) He will be the medium of communication in his district between the Officer Commanding the troops and the subordinate civil officials and inhabitants generally and will give all the assistance in his power to the Officer Commanding the troops

(iv) He will settle, in communication with the Officer Commanding, all disputes with the inhabitants, or with any transport establishments engaged by the civil authorities, within his powers and be responsible for reporting cases beyond his powers to his superiors

(v) He will be provided with written instructions by the Collector or Deputy Commissioner defining his duties and powers, which he will show to the Officer Commanding the troops

(vi) If irregularities committed by the troops are not discovered until they have proceeded outside the limits of the jurisdiction of the Collector or Deputy Commissioner he will send a full report of the occurrence to the General Officer Commanding the Brigade Area in which it occurred, who will investigate the matter and take all necessary action for its disposal

2 (i) Rationing arrangements for British troops and of Government animals are made by the Supply and Transport Corps, arrangements for Indian troops and silladar animals are made by the Commanding Officers concerned, in both cases the civil authorities may be called on to assist in the provision of supplies of the kind mentioned on India Army Form S 1526, other ration articles the civil authorities cannot be called on to provide

In order to allow civil officers to make suitable forward arrangements, demands for rations (India Army Form S 1526) will be sent to civil officers whenever possible, a fortnight before the articles are required Changes in dates, routes or quantities of supplies demanded must be communicated at once to all concerned Losses caused thereby will only be borne by the State when the competent financial authorities are satisfied of their necessity Losses due to excessive estimates will be borne by the unit responsible

(ii) When demands are made for articles which are not ordinarily kept in stock (*e.g.*, sheep, fowls, and eggs) or which are rapidly perishable, (*e.g.*, milk) the civil authorities will themselves purchase the supplies, convey them to the camping ground, and there hand them over in bulk to the Officer Commanding, together with a bill for the total amount due for the supplies at local rates, and for conveyance hire, if any The Officer Commanding will at once settle the bill for the supplies accepted [such supplies are liable in the same manner as any others, to rejection by the committee referred to in clause (iv) below], arrange for their retail issue and for the subsequent disposal of any surplus.

(iii) If shops are, or can be established, on or near the encamping ground, articles other than those referred to in clause (ii) will be retailed by the shopkeepers, if shops neither exist nor can be arranged for, these articles will be dealt with as in the case of those mentioned in clause (ii)

(iv) The advance party will be authorised in conjunction with the supply official, if any, to take over, but not to reject, those supplies which are not to be retailed by shopkeepers (But this taking over does not necessarily involve acceptance)

Supplies will only be rejected by a committee composed (*a*) in the case of supplies for British troops, of British officers, (*b*) in the case of supplies for Indian troops, preferably of Indian officers superintended by a British officer, otherwise of British officers, and (*c*) in the case of supplies for animals, of British officers if available, otherwise of Indian officers superintended by a British officer, the *civil official*, if present, should attend the committee, supplies ordered and tendered will be rejected only on account of unfitness for consumption according to the standard usually consumed by the persons or animals for whom they are intended, but if the supplies are unfit for consumption owing to the late arrival of the unit, or to causes outside the control of the supplier, payment must be made by the unit The decision of the committee will be final, a copy of the report of a committee rejecting supplies will be sent to the district civil officer, the latter officer will also be informed of the acceptance of supplies of a quantity inferior to that which might reasonably have been expected in the district traversed.

(v) The Officer Commanding will be responsible that whenever any article is taken without payment, or when dastur is exacted, the responsible person is severely dealt with He will cause the officer of the day to visit the bazaar frequently to see that the guard or police, which should be posted thereon, are doing their duty, and that no irregularities are permitted The Officer Commanding will ensure that he is readily accessible to any civil official or inhabitant who may be desirous of lodging a complaint The civil supply official should report to the Officer Commanding each evening whether any claims remain unsettled, and, if so, the latter will personally see to their immediate settlement. The civil official should endorse all receipts given for payments made, and the Officer Commanding should not accept receipts unless so endorsed

(vi) Individuals or small parties will ordinarily purchase their own supplies from bazaars. If any assistance is required, they will apply to the local police officer.

No. G. 12546-53—G. M. 483-16-2, dated 19th March 1917.

3. (i) The Collector or Deputy Commissioner is responsible for the maintenance in good order of all established camping grounds outside cantonments within his jurisdiction.

Camping grounds.

(ii) He will be responsible that they are not cultivated and that jungle growth is removed, also that the boundary pillars are kept in repairs, that the wells are in good order, and also incinerators where provided.

(iii) When troops are to march through his district, the Officer Commanding the unit concerned has orders to send him a copy of the itinerary in good time to enable him to make all arrangements for the wells to be cleaned out if they have not been in regular use.

4. When any special arrangements for the troops are required at *ferries*, the Brigade Commander concerned, has orders to give the civil authorities concerned ample notice.

Ferries.

5. Unless prevented by urgent business in another part of the district, the Collector or Deputy Commissioner should make a point of being present at his headquarters to receive the regiment with due honour.

6. The higher officers of the several departments serving in the district or present on tour in it, should be informed of the coming of the regiment, so that they may have an opportunity of participating in its reception.

7. The President and councillors of the local municipality should be invited to meet the regiment at the entrance of the town.

8. The educational authorities should be directed to turn out the schools on the line of march.

9. The instructions in paragraphs 5, 6, 7 and 8 apply only in the case of those routes which are infrequently used by troops and to occasions when the special object of the march is to impress the people with the strength and importance of the military arm of Government.

Representative Assembly Subject No. 244 of 1915, to the effect that, as such of the subjects brought forward at the District Meeting as are not sent up to Government have to be disposed of by reference to the local officers concerned and as the result of the disposal of these subjects is not intimated to the members, a book may be caused to be published to show how such subjects are disposed of by the several officers to whom they are referred and the reply of Government thereto.

2. Letter No. A. C. 141, dated the 9th August 1916 from the Revenue Commissioner in Mysore forwarding in original, the opinions of the Deputy Commissioners of the several districts, except Kolar, in the matter and stating that it is not necessary to bring out such a publication as, at the meetings held in the district, each member knows whether his subject is sent up to Government or disposed of locally and that if the publication of such a book be decided upon, additional establishment would be necessary.

Order No. G. 12719-27—G. M. 393-15-4, dated 23rd March 1917.

Government agree with the Revenue Commissioner. They are of opinion that the maintenance of a Register in the Deputy Commissioner's office for noting the progress in the consideration and disposal of subjects not sent up to Government and the intimation to any member, who may ask for it, of the stage reached by a particular question would be enough. The final disposal of a subject should invariably be communicated to the member concerned.

Development of Sugar-cane Cultivation under the Krishnarajasagara Channels.

No. 7350-98—A. & E. 67-16-7, dated 10th March 1917.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Note dated the 10th November 1916, by the Secretary to Government, Departments of Education and Agriculture, on the development of sugar-cane cultivation under the Krishnarajasagara Channels.

2. Letter No. 2490, dated the 28th November 1916, from the Secretary, Economic Conference, submitting a scheme received from the Secretary to the Agricultural Committee, drawn up by the Director of Agriculture for the establishment of a sugar-cane farm under the new channels of the Krishnarajasagara Reservoir. (Printed as an accompaniment.)

3. Letter No. 207, dated 31st January 1917, from the Director of Agriculture explaining the reasons why the establishment of a sugar-cane farm under the Reservoir is absolutely necessary. (Printed as an accompaniment.)

Order No. 7350-98—A. & E. 67-16-7, dated 10th March 1917.

The entire area that may be brought under sugar-cane cultivation under the Krishnarajasagara Reservoir is estimated at 7,000 acres for the present. With a view to facilitate the commencement of the operations for bringing the whole of the area under sugar-cane cultivation as rapidly as possible, Government have sanctioned a special agency under the Public Works Department for marking out the blocks intended to be reserved for sugar-cane cultivation and completing all other arrangements for ensuring the supply of water to the lands set apart for the purpose. They have also appointed a Special Revenue Officer to ascertain the number of people who are willing to grow sugar-cane under the scheme and institute a detailed enquiry into the requirements of the raiyats in this connection.

2. The Revenue Commissioner and the Chief Engineer are requested to report at once the exact area likely to be planted with sugar-cane during the current year. Both these officers will be jointly responsible to see that the entire area is brought under sugar-cane cultivation within a period not exceeding three years.

3. As regards other facilities that may be required for growing sugar-cane, they may be classified as follows:—

(1) Supply of seed and demonstration of improved methods;

(2) Supply of manure;

(3) Supply of labour and capital for working expenses; and

(4) Manufacture and disposal of jaggery;

and the following arrangements are ordered:—

4. The Director of Agriculture in consultation with the Agricultural Committee has submitted proposals for opening a demonstrational and experimental sugar-cane farm either in the tank-bed of the Belagola village consisting of Survey Nos. 1120-1142 and measuring 40 acres or at Naganahalli in a block of land measuring 45 acres comprising Survey Nos. 94-100, 128-130, 362, 369, 378, 381 and 511. On the demonstrational side it is proposed to show the best varieties of the cane and the best methods of manuring and cultivation of the cane as ascertained by accurate experiments carried out on the Hebbal Farm, and on the experimental side to carry out experiments with special reference to the needs of the

canal area, including testing of varieties of cane of different periods of growth to ascertain the period over which milling can be profitably extended. The farm is also intended to serve as a central sugar-cane seed farm from which the seed of the best varieties could be distributed to the other seed farms in the canal tract which may be established by private agency. For the farm the Director of Agriculture has asked for an allotment of Rs. 14,000 for initial expenditure and an annual expenditure of Rs. 13,800 as noted in the margin and he expects that at the end of three years it would yield a return of Rs. 13,250. The Director has in a subsequent communication proposed the omission of the power crushing plant and the reduction of the initial expenditure thereby to Rs. 10,000.

	Rs.
Initial Expenditure	
Buildings	6,000
Machinery, etc. ...	6,000
Stock	2,000
Total ...	14,000
Annual Expenditure.	
Management	1,500
Labour	3,000
Manures	1,500
Seed	2,000
Repairs to tools ...	400

15 acres of garden crops at Rs. 250 per acre ..	3,750
10 acres of miscellaneous crops at Rs. 50 per acre ..	500
Total ...	13,250

As the proposed farm is likely to be of great help in the development of sugar-cane cultivation in the tract and will moreover be practically self-supporting, Government are pleased to sanction the Director's recommendation. The total initial expenditure will be restricted to Rs. 10,000. The farm may be opened on the Naganhalli block which is represented to be more typical of the general class of land which will be brought under irrigation by the new channels. The Public Works Department or the Revenue Department, whichever is in charge of the block in question, is requested to hand over the land at once to the Director. The Director is requested to make immediate arrangements for starting work and obtain sanction separately for establishment, buildings, machinery, etc., required. The amount required during the current year will be found by reappropriation from the Public Works Department budget and suitable provision will be made next year. The Director should arrange to maintain regular capital and revenue accounts for the farm including interest and depreciation charges and forward a statement of accounts to Government at the end of each year. The Director is requested to arrange for demonstration of improved methods and supply of seed, etc., through private agency also as far as possible.

5. The Director of Agriculture is requested to make needful local enquiries in communication with the Deputy Commissioner as regards the extent to which Government help is required by the people respecting the supply of seed and manure and take necessary steps in the matter with the help of the Special Revenue Officer and the local officers.

6. The class of manure for the supply of which special arrangements will have to be made is oil-cake. As the existing oil-mills may not be able to provide the quantity required for such a large area, the Director of Industries and Commerce is requested to consider, in consultation with the Director of Agriculture, what arrangements should be made to encourage the starting of power driven oil-mills at convenient centres so that there may be an adequate supply of oil-cake and take all necessary further action. He should also take steps from now as regards all other facilities that may be necessary for milling large quantities of sugar-cane and manufacturing jaggery on a large scale in the tract.

7. As much initial expenditure will have to be incurred by the raiyats in connection with the cultivation of sugar-cane, the Registrar of Co-operative Societies is requested to organise Co-operative Societies for the supply of capital, etc., required by individual raiyats. Loans may also be granted under the "takavi" rules wherever necessary.

8. In conclusion, Government observe that the development of sugar-cane cultivation over such a large area cannot be satisfactorily accomplished without hearty co-operation and concerted action on the part of all the departments interested

viz., the Public Works, the Revenue, the Agricultural, the Economic Conference, the Industries and Commerce and the Co-operative Societies Departments. Government would be glad if the Heads of all these departments would meet frequently at least once a month to discuss the various measures adopted to give practical effect to the scheme until the work is fully started. The Chief Engineer will be requested to arrange for the necessary meetings and also forward a monthly report of progress to Government.

No. 2490-2, dated Bangalore 28th November 1916, from P. G. D'Souza, Esq., B.A., B.L., Secretary to the Mysore Economic Conference, Bangalore, to the Secretary to Government, Departments of Education and Agriculture.

I have the honour to forward herewith for orders of Government copy of letter No. 1367, dated the 14th November 1916 with copies of its enclosures, from the Secretary, Agricultural Committee, submitting a scheme received from the Director of Agriculture for the establishment of a sugar-cane farm under the new channels of the Cauvery Reservoir (Krishnarajasagara channels.)

Letter No. 1367, dated the 14th November 1916, from the Secretary, Agricultural Committee to the Secretary, Economic Conference.

With reference to correspondence ending with this office letter No. 488, dated the 19th July 1916, I am directed to submit herewith for the early orders of Government, copy of letter No. 945, dated 11th November 1916, from the Director of Agriculture containing proposals for establishing a sugar-cane farm under the new channels of the Cauvery Reservoir.

2. He finds two blocks of land suitable, one measuring 40 acres at Belgola, and the other about 45 acres in extent, at Naganhalli. Both are easily accessible and either would do, though as between them, the Belgola block is better for immediate cultivation, while the Naganhalli one is more typical of general conditions.

3. The Director gives detailed estimates of cost, from which it will be seen that whichever block is approved, the initial expenditure will be Rs. 14,000, the annual recurring expenditure Rs. 13,800 and the expected annual return after three years, the probable time required for bringing the farm into good working condition Rs. 13,250. The institution will thus be practically self-supporting and may even be made to yield a profit, if the area proposed to be brought under cane is increased.

4. The lines of work proposed to be taken up are clearly explained by the Director, and include demonstration, experiment, and production of good seed. The last is specially important in view of the large expansion expected in the area under cane, and it is trusted that the Government farm will be the centre of a well organised system of seed farms to be started by enlisting private co-operation.

5. The Agricultural Committee have all along emphasised the need for establishing this farm to direct the development of sugar-cane cultivation under the new irrigation on sound lines, and strongly recommend the Director's proposals for sanction.

6. As it is essential that no time should be lost in starting work, I am to request that orders may be obtained as early as possible.

Letter No. 945, dated 11th November 1916, from the Director of Agriculture to the Secretary to the Agricultural Committee, Bangalore.

In continuation of my letter No. 152, dated the 17th July 1916, I have the honor to state that I have inspected lands under the new channels of the Cauvery Reservoir with the object of selecting a suitable block for the establishment of a sugar-cane farm. Two separate blocks were found suitable, *viz.*, (*a*) No. 1120-1142 in the Belgola village at present occupied by the Belgola tank and Nos. 94, 100, 128-130, 362, 369, 378, 380, 381 and 511 in the Naganhalli village.

Of these the first block is more suitable for immediate occupation and cultivation, while the 2nd is more typical of the general class of land which will be brought under irrigation by the new channels. Both are readily accessible, the former being, I believe, little more than a mile distant from one of the stations on the new Mysore-Hassan line, while the latter is only about three or four miles from Mysore City. The Belgola block comprises roughly 40 acres, the Naganhalli block 45 acres. If the Belgola block is chosen, it will be necessary to acquire a further 5 acres of dry land above the tank for buildings, etc., bringing the area to 45 acres.

This farm, if established, should serve both for demonstrational and experimental purposes. On the demonstrational side, it should show the best varieties of cane and the best methods of manuring and cultivation of cane as ascertained by the accurate experiments carried out on the Hebbal farm. On the experimental side, experiments with special reference to the needs of the canal area would be carried out, and in these would be included testing of varieties of cane of different periods of growth to ascertain the period over which milling can be profitably extended. The farm should also serve largely as a central sugar-cane seed farm from which seed of the best varieties could be distributed to the other seed farms in the canal tract. These subsidiary seed farms could in all probability be established on private holdings.

While I consider the question of the educative value of the farm should be the one which should be the chief consideration as the farm is to be in part at least demonstrational, the possibility of making it almost or entirely self-supporting should not be lost sight of. I therefore append a statement as to probable receipts and expenditure which shows that at the end of three years by which time the farm should be in good working order the farm should be practically self-supporting.

No. 7350-98—A. & E. 67-16-7, dated 10th March 1917.

The land is, I understand, at present in Government possession, so I have not included cost of land in my estimate of initial expenditure I have not differentiated between the two blocks either as to expenditure or returns and have placed the value of the land in each case at Rs. 600 an acre These lands would probably bring decidedly more than this in public auction, but on the other hand the interest I have allowed on capital invested on land, is probably higher than the landholder in these tracts ordinarily gets.

	Rs.
Initial expenditure—	
Buildings	6,000
Machinery and implements including small power crushing plants	6,000
Stock	2,000
Total	14,000
Annual expenditure—	
Management (Manager and one Assistant)	1,500
Labour	3,000
Manures	1,500
Seed (the estimate for these two items are for the first year when both seed and cattle feed will have to be purchased The amounts will probably be absorbed later (cattle-feed) by labour, manures, etc)	2,000
Repairs to tools and implements	400
Interest and depreciation on buildings, machinery and stock at 15 per cent	2,100
Interest on land at 6 per cent	1,620
Contingencies	680
Total	13,800
Returns at end of three years—	
15 acres of cane at Rs. 600 per acre	9,000
15 acres of garden crops at Rs. 250 per acre	3,750
10 acres of miscellaneous crops at Rs. 50 per acre	500
Total	13,250

From this estimate which I believe is a conservative one, it will be seen that the farm should be practically self-supporting at the end of three years If the area under sugar-cane were raised to 20 acres per annum which could be easily done if the block rules were not applied it would be possible to obtain quite a respectable profit

I understand that it is proposed to make water available for these lands in the course of two or three months and therefore consider that early action should be taken. If orders of Government are passed within the next six weeks, it should be possible to begin operations as regards sugar-cane cultivation during the present official year.

No. 207-S, dated 31st January 1917, from Leslie C. Coleman, Esq., M.A., Ph.D., Director of Agriculture in Mysore, Bangalore, to P G. D'Souza, Esq, B.A., B.L, Secretary to the Government of His Highness the Maharaja of Mysore, Departments of Agriculture, etc., Bangalore

I have the honour to state that in my letter No 945—Mis. of the 11th November 1916, to the Secretary, Agricultural Committee I gave certain reasons why I considered it advisable to establish a small farm in the area which is about to be brought under irrigation by the Kannambadi Reservoir I gather that the reasons have not been considered sufficiently definite by Government to warrant the establishment of such a farm. I have the honour, therefore, to state in somewhat greater detail the important functions which I consider such a farm should serve.

As already pointed out the farm should in my opinion be chiefly a sugar-cane farm. The yields of sugar-cane as at present grown under the Cauvery channels are distinctly poor averaging less than 150 maunds to the acre. There seems no reason whatever why the average yield should not be doubled. To accomplish this three lines of improvement are open to us always presupposing that the supply of water will be adequate:—

1. The cultivation and drainage can be considerably improved,
2. The manuring of sugar-cane which is at present in a very backward state can be very greatly improved, and
3. A distinct increase of yield can be produced by growing heavier yielding varieties.

The experience of the Department during the past three or four years in this area shows that the people are exceptionally conservative. For instance, we have had the greatest difficulty in inducing sugar-cane growers in this tract to take up the use of oil cakes as a manure for cane, even on small areas while very little impression has been made on their methods of cultivation.

If the area under sugar-cane under Kannambadi is to extend, one of the first things that will become necessary will be the introduction of improved implements for its cultivation, otherwise it will be impossible for the people in the tract to take up sugar-cane cultivation on a large scale simply for ack of labour.

No. 7350-98—A. & E. 67-16-7, dated 10th March 1917.

The question of manuring is a particularly important one in view of the likelihood of a factory for the manufacture of Calcium Cyanamide being established close to this area. The whole of the output of this factory could be profitably utilized in this area.

The possibilities of improvement through the introduction of higher yieldings varieties are also great. The results of experiments on the Hebbal Farm during the past four years have shown that one variety recently brought by the Department into the State and as yet grown on only a small scale, yields at least 25 per cent more than local varieties grown under the same conditions.

All the above considerations point unmistakably to the advisability of establishing a sugar-cane farm in this important tract. In the first place such a farm would enable the Department to show sugar-cane growers in the tract how they can cultivate their lands with improved implements with about half the labour they are now using. It is true that this can be done to a great extent on the cultivators' own fields but as such cultivation will involve the use of fairly heavy ploughs so as to allow for deep tillage it may be doubted whether the conservative raiyats of this tract will take to the use of such implements unless the Department can show in a convincing manner that it will be profitable. In this connection it may be noted that the ordinary improved ploughs which the Department are now selling in large numbers are much too light for use in sugar-cane cultivation and that the number of heavy ploughs which have been sold for this purpose has been very small notwithstanding the fact that their use has been demonstrated in many parts of the State. The demonstration of their use on a farm in the midst of the sugar-cane growing tract is bound to lead to a largely increased demand for them.

In the second place if Calcium Cyanamide or other artificial manures are to be utilized on a large scale for sugar-cane it is essential that the Department should be in a position to say definitely what quantities should be used per acre to get maximum profit and how the manure should be applied. The use of artificials for sugar-cane is but in its infancy and figures that are available even at Hebbal would not give us accurate information as to the most economical use of these costly manures in an area near Mysore. They would of course indicate clearly whether such a manure were profitable but that is not enough if we are to make the best use of the manures available. Even with a factory turning out 10,000 tons of Calcium Cyanamide a year we should not be able to meet all the manurial requirements for sugar-cane in the State.

If we come to the question of introducing better seed the importance of such a farm becomes still more apparent. Sugar-cane seed (sets) is the most expensive and most difficult to transport of that of any crop grown in the State. The cost of seed per acre in Mysore fluctuates normally between Rs. 30 and Rs. 50 depending upon the locality. During the present year it has risen in places to as high as Rs. 120 per acre. In sending cane by rail we have to reckon on a loss of from 30 to 50 per cent through destruction of eye-buds. All of these facts point to the necessity of having a central seed farm if a new variety is to be introduced rapidly. The scheme of introduction would be developed as follows:—New varieties of cane would be tested on a small scale on the Hebbal Farm. As soon as a variety shows itself superior to others previously grown all the seed which could be spared would be sent to the sugar-cane farm under the Kannambadi for further trial as to its suitability for local conditions and for multiplication. Within two years it would be possible to have between 5 and 10 acres under such a variety. This amount which would yield seed far from 50 to 150 acres would then be distributed to branch seed farms, all run by private agency so that within another two years we should be able to put four or five thousand acres into the new variety. If we had to trust to sending cane from Bangalore for distribution, it would, judging from past experience, take at least three times as long to accomplish the same results.

With regard to the estimate submitted by me for the establishment of such a farm I have the honour to state that if it is considered too high it might be possible to reduce the initial expenditure although I do not think the sum of Rs. 14,000 a very high one. The amount under buildings could in my opinion not be reduced very much but if, as I think should be done, most of the cane is used for seed distribution it would not be necessary to put in a small power crushing plant. This would mean a saving of about Rs. 4,000 so that the total initial expenditure could be reduced to Rs. 10,000. If thought advisable, temporary structures could be put up in place of some of the buildings but considering the close proximity of the farm to Mysore City and the likelihood of its being visited by a large number of people from both inside and outside the State I do not think personally that this would be advisable in the long run.

With regard to the annual expenditure there would be a slight reduction owing to decrease of interest on capital invested (Rs. 600) but otherwise it would be difficult to bring about any reduction if the work of the farm is not to be seriously impaired. The returns could however be considerably increased and I feel pretty sure that we could make the farm practically self-supporting within two years after the putting in of the first crop of sugar-cane.

The indirect results from such a farm would be enormous and I feel pretty certain that largely through its agency we should be able to increase the net annual outturn of crops under the Kannambadi area within ten years from Rs. 15 lakhs to Rs. 20 lakhs. This is of course in excess of the amount that would accrue if the area under sugar-cane cultivation is extended without at the same time increasing the outturn per acre.

Government Order No. G. 9420-4—G. M. 166-13-51 dated 20th May 1914, sanctioning a loan of Rs. 15,000, to Mr. Shama Rao, Artist, to purchase certain machinery for starting a lithographic press to produce works of art.

2. Letter No. 1167, dated 23rd November 1916, from the Superintendent, Government Press, submitting with his recommendation copy of a letter, dated the 22nd idem, from Mr. Shama Rao, applying for a further loan of Rs. 10,000.

3. Further correspondence ending with letter No. 1557, dated 6th January 1917, from the Superintendent, Government Press, recommending the grant of an advance of Rs. 6,000 to Mr. Shama Rao.

4. Letter No. 2477, dated 5th March 1917, from the Secretary, Industries and Commerce Committee, furnishing the views of the Committee on the application.

Order No. 7935-9—A. & I. 210-15-8, dated 29th March 1917.

It is observed from the report that out of the loan of Rs. 15,000 nearly Rs. 14,000 was spent on machinery and plant. The excess in the cost of the machinery left only Rs. 1,000 for working expenses, but in spite of this deficiency of working capital, the value of work done has been fairly satisfactory, being Rs. 4,000 against an expenditure of Rs. 3,000. The Superintendent, Government Press, under whose general directions the Press is now worked, recommends a further advance of Rs. 6,000, so that the business may have sufficient working capital to allow of its being properly developed. The Industries and Commerce Committee support the recommendation.

2. Government are pleased to accept the recommendation and sanction the grant of a further advance of Rs. 6,000 to Mr. Shama Rao, the expenditure being met out of the allotment for Industrial Takavi Loans.

The grant will be subject to the following conditions as recommended by the Committee :—

(*a*) The advance will be a first charge on the receipts of the concern.

(*b*) The Press will hereafter be under the supervision of the Director of Industries and Commerce, who in technical matters will consult the Superintendent, Government Press.

(*c*) The amount of advance will be paid into an account to be opened in the Mysore Bank, in the name of the Director of Industries and Commerce.

(*d*) All receipts of the Press will be paid to the Mysore Bank and all disbursements made under the Director's signature.

(*e*) The Director will exercise efficient control over the expenditure and be in possession of the sale proceeds. So long as the total amount of Rs. 21,000, advanced by Government remains undischarged, Mr. Shama Rao will receive Rs. 50 a month for his personal expenditure, the profits, if any, going to the repayment of the advance.

(*f*) All working expenses will be paid out of the advance and recouped from the sale proceeds.

(*g*) A half-yearly balance sheet will be published by the Director, Industries and Commerce, showing the financial position of the Press.

No. 7935-9—A. & I. 210-15-8, dated 29th March 1917.

The Director will submit to Government a copy of the balance sheet together with a profit and loss statement.

3. A detailed technical inspection should be made of the Litho Press by the Superintendent, Government Press, or one of his qualified Assistants, once a quarter, and a report submitted on the progress of work done, through the Director of Industries and Commerce.

Letter No. 1538, dated the 24th October 1916, from the Secretary, Education Committee, submitting a set of draft rules to regulate the grant of advances to home workers for purchasing raw materials, approved types of implements and appliances and requesting that the Chairman, Education Committee, may be provided with an advance of Rs. 15,000 for the grant of such loans.

Order No. 7278-88—I. & C. 17-16-21, dated 10th March 1917.

Government are of opinion that for the development of home industries a depot from which raw materials may be supplied, with suitable arrangements and safeguards to recover the cost from the finished products, would be more useful than any system of granting loans in cash and are therefore pleased to authorise the opening of a depot for the supply of raw materials. A sum of Rs. 3,000 will be placed at the disposal of the Chairman, Education Committee, for keeping a stock of raw materials. A set of accounts and rules for regulating the supply of raw materials and the recovery of the price from the home workers under suitable guarantees as soon as the articles are produced should be framed and submitted for the approval of Government.

As regards loans to home industries, Government observe that the rules already issued in Government Order No. 6604-53—I. & C. 89-16, dated 16th February 1917, for granting loans to minor industries may be made applicable to such industries with suitable modifications, if necessary.

Dasara Representative Assembly Subject No. 340 of 1915 brought forward by Mr. Giridhara Rao of the Harihar Sub-Taluk representing that the scale of expenditure now sanctioned in the Sri Ranganathaswami temple at Komaranahalli in the Harihar Sub-Taluk was inadequate and that it may be revised to suit present conditions

2. Correspondence ending with letter No. 25, dated 11th January 1917, from the Deputy Commissioner, Chitaldrug District, submitting for sanction a revised scale of expenditure in the above temple.

Order No. 2211-13—Muz. F. 431-15-6, dated 6th March 1917.

The temple of Sri Ranganathaswami at Komaranahalli in the Harihar Sub-Taluk is a Muzrai institution endowed with Inam lands yielding an annual income of Rs. 1,051-13-5. The sanctioned expenditure in the temple is Rs. 662-14-3 inclusive of a sum of Rs. 145-13-2 being the jodi payable to Government. The Deputy Commissioner reports that owing to rise in prices the expenditure requires revision, and recommends for sanction of Government a scale providing for an expenditure of Rs. 884-7-10 against an income of Rs. 1,051-13-5. The revised scale which is appended to this order is suitable and is accordingly sanctioned. It will be brought into effect from 1st March 1917.

Correspondence ending with letter No. S. C. 184, dated 16th December 1916 from the Deputy Commissioner, Kolar District, submitting for sanction a scale of income and expenditure for use in the Sri Gopalaswami temple at Sidlaghatta.

Order No. 2267-9—Muz. 413-13-7, dated 14th March 1917.

The temple is endowed with inam lands measuring 6 acres 6 guntas and assessed at Rs. 19-8-0 near Sidlaghatta and enjoys besides a cash grant of Rs. 11-9-0 per annum. To supplement the income from these sources subscriptions were collected from the devotees and the amount totalling Rs. 1,700 has been invested in Government of India Pronotes.

The scale annexed hereto which provides for an income of Rs. 259-1-0 and an expenditure of Rs. 247-13-3, is found suitable and is sanctioned. The Comptroller is requested to authorize the Amildar to draw the required amounts on monthly bills.

Endorsement No. 2845—Muz. F. 535-15-2, dated 13th June 1916 granted to Mr. G. Venkatramanaiah, Pleader at Bangalore, informing him that the sum of Rs. 1,000 offered to be deposited for providing a maintenance allowance for the Swamiji of the Sri Ramakrishna Matt at Bangalore could not be accepted, as it fell short of the minimum prescribed under the Charitable Deposit Rules.

2. Government Order No. Fl. 2684-93—G. F. 124-16-1, dated 30th November 1916 reducing the minimum fixed for charitable deposits to Rs. 1,000 temporarily for a period of three years.

3. Petition dated 15th January 1917 from Mr. G. Venkatramanaiah renewing his application under the above Government Order and requesting that during his lifetime he may be permitted to draw himself the interest on the deposit amount for payment to the Swamigalu and that thereafter it may be arranged to be paid to the Swamy through the Deputy Commissioner, Bangalore District or the Honorary President, Bangalore City Municipality.

Order No. 2404-7—Muz. 427-16-2, dated 27th March 1917.

As the income from the endowment is intended to be utilized as an allowance for the maintenance of the presiding Swami at the Ramakrishna Matt at Bangalore, which is a benevolent institution engaged in religious and charitable work, Government are pleased to accept as permanent deposit under the rules published in Notification No. 473-503—G. F. 15-09-2, dated 15th July 1909 and amended by the order of 30th November 1916, the sum of Rs. 1,000 tendered by Mr. Venkataramanaiah and to allow interest thereon half per cent in excess of the rate allowed by Government of India on their securities, *i. e.*, at 4 per cent.

2. The Comptroller to Government is requested to issue needful instructions to the Treasury Officer, Bangalore District, to receive the amount on a document being duly executed by the donor in the form prescribed under Order No. 432-72—G. F. 15-09-1, dated 15th July 1909.

Government Order No. 1312-14—Muz. 744-12-6, dated 14th December 1914, accepting the deposit of Rs. 1,000 made by Mr. A. Venkatavarada Iyengar of Benkipur in the Shimoga Taluk as "Puduvat Fund" for the performance of certain services in the Sri Chennakesavaswami temple at Belur.

2. Petition dated 8th January 1916, from Mr. Venkatavarada Iyengar representing that the income from the fund was inadequate for the purpose, and that he is prepared to add to the fund Rs. 525 on this account and for certain services in the temple on the anniversary day of his death and praying that interest at 4 per cent per annum may be allowed on the entire deposit of Rs. 1,525.

3. Correspondence ending with letter No. 32—S., dated 7th August 1916, from the Deputy Commissioner, Hassan District, reporting that the entire amount of Rs. 1,525 paid by Mr. Venkatavarada Iyengar is deposited in the Government Savings Bank and that the amount has not yet been invested in the Shimoga Railway Debenture Loan, as directed in Government Order No. 1839-40—Muz. 277-14-2, dated 19th February 1915.

Letter No. 140, dated the 28th October 1916, from the Muzrai Superintendent in Mysore, submitting for orders a Srimukha from the Swamigalu of the Sri Vyasaraya Matha intimating that an annual contribution has been promised by him to the Brahmana Vidya Sahaya Sangha and requesting that a sum of Rs. 1,000 per annum may be sanctioned out of the Matt funds for the payment of certain scholarships in aid of the objects of the Sangha.

Order No. 2427-8—Muz. 276-16-2, dated 29th March 1917.

Though the present contribution was made primarily at the instance of the Sangha, the Swamigalu wishes to include also within the grant certain promises of scholarships made by his predecessor Sri Vidya Ratnakara Tirtha Swamigalu, two of which are tenable by Matt disciples studying English and the remaining four by students in the local Sanskrit Colleges undertaking certain prescribed courses of studies.

2. The Muzrai Superintendent reports that the Sangha does not concern itself with Sanskrit education and that the scholarships earmarked for that purpose cannot therefore be administered by the Sangha and recommends that their control may be left with himself and that the balance of the amount may be made over to the Sangha under certain conditions.

3. The Government are pleased to accept the recommendation and to sanction an annual contribution of Rs. 1,000 out of the Funds of the Sri Vyasaraya Matt to be utilised as shown below:—

(*a*) A sum of Rs. 360 out of the amount to be placed at the disposal of the Muzrai Superintendent for—

(1) Two scholarships of the value of Rs. 5 each tenable by students studying Tatva Prakasika in the Sanskrit Colleges at Mysore and Bangalore.

(2) Two scholarships to the value of Rs. 10 each under the same conditions to students studying 'Sudha.'

(*b*) The balance of Rs. 640 to be made over to the control of the Brahmana Vidya Sahaya Sangha for administration subject to the following conditions:—

(1) That the stipendiary students benefiting by this contribution should be called Sri Vyasaraya Matt Scholars and should take up Sanskrit as their optional language.

(2) That the stipends may be apportioned in any manner by the Sangha, but that the whole of the contribution should be utilised within the year.

(3) That two scholarships of the value of Rs. 4 each should be held by Sishyas of the Sri Vyasaraya Matt studying for the Matriculation or in the School Final classes.

(4) That an annual report should be submitted by the Sangha to Government regarding the utilisation of the Matt contribution and showing the names of recipients and the progress they have been making in their studies.

No. 2127-8—Muz. 276-16-2, dated 29th March 1917.

4. The above grant will be in force for a period of five years with effect from the next scholastic year.

5. The Muzrai Superintendent is requested to arrange for the amounts being drawn in time before the commencement of the scholastic year and paid to the parties concerned.

Restoration of certain Vrittis in Jodi Iggali Village.

Appeal No. 7 of 1915-16.

Appellant (*Petitioner*)	*vs.*	Respondent (*Counter-petitioner*)
Mr. Puttaiyyaji Urs of Mysore		Mr. T. K. Subba Rao, son of Mr. T. Krishna Rao, Retired Amildar (*since deceased*).

Subject.

Appeal against the Mysore Deputy Commissioner's order declining the restoration of 6½ vrittis out of Jodi Iggali village in the Nanjangud Taluk said to have been endowed to Sri Venugopalaswami temple at Bilaguli in the said taluk.

Order.

The case came up for final hearing on 20th February 1917, the appellant being represented by his Advocate Mr. V. Venkatachar, and the respondent, being present in person and also represented by his Advocate Mr. A. R. Nageswara Iyer.

2. This is an appeal against the order of the Deputy Commissioner of Mysore dated the 15th June 1914 declining to grant the petitioner's request for the resumption of certain lands alleged to be the property of Sri Venugopalaswami temple at Bilaguli as endowment thereof.

3. In 1912, the Deputy Commissioner considered the same question and passed certain orders which came up for review before his successor in 1914. In the orders of 1912, the Deputy Commissioner refused to grant the appellant's request to set off the arrears of kandayam due by him to the jodidars of the village, overruling the contention that the question of restoring the property alleged to belong to the Venugopalaswami temple which is said to be under the management of the petitioner is connected with the payment of kandayam due by him. In the review order of 1914, the Deputy Commissioner declined to interfere with his predecessor's order and so far as the question of restoring the lands to the temple was concerned, the Deputy Commissioner held that as the mortgagee has been in possession for over twelve years, his possession cannot be disturbed—*vide* Section 14 of the Muzrai Regulation – and that therefore, the Deputy Commissioner could not interfere in the matter of getting the vrittis for the temple. The appellant does not wish to press the question of setting off the kandayam before Government and confines his appeal to the question of the restoration of the lands.

4. There does not appear to be any dispute as regards the facts of the case. All the documents bearing on the rights and title over the lands in question have been carefully examined and it is established that, as found by the Deputy Commissioner of Mysore, the vrittis were not originally granted as *devadaya* by Government. All the 30 vrittis of the village were for personal benefit and the appellant's ancestors purchased 6½ vrittis and made them over to the temple. The Deputy Commissioner rightly held that the alienation rules of 1877 did not apply. The respondent got the entire village in 1890 by virtue of the mortgage deed the original of which has been produced and it is not clear how the appellant or any one connected with the temple management on his behalf could have then allowed the transfer of possession of the 6½ vrittis made over to the temple without making any attempts to save these lands for that institution.

5. As the temple gets a cash grant of Rs. 29-1-0 from Government, it must be considered to be a Muzrai institution. The properties which are shown by the old documents as belonging to the temple appear to be valuable and the respondent is prepared to release the mortgage if the portion of the debt with which the lands

Government Order No 75—E. A G , dated the 24th November 1916, issuing a set of revised rules for recruitment to the clerical service in the State

2. Government Order No 78—E A G., dated the 24th November 1916, sanctioning a scheme for holding an annual examination for clerkship and the institution of clerkship classes.

3. Letter No C 143—Gen. of 1916-17, dated the 4th December 1916, from the Deputy Commissioner, Tumkur District, regarding the interpretation of Rule 11 of the clerkship rules.

4. Letter No. H C. 917, dated the 23rd December 1916, from the Deputy Commissioner, Kolar District, regarding Rules 2 and 11 of the clerkship rules and paragraph 7 of the second of the Government Orders read above.

Order No. 172—E. A. G., dated 5th March 1917.

In the correspondence read above, certain doubts are raised as to the interpretation of the rules for the appointment of clerks. The first is whether a clerk who is qualified under Rule 1 and who has entered a post carrying a pay of less than Rs. 25, could rise to a higher pay without further qualifying himself under Rule 2. On this point, Government observe that in this context appointment includes promotion as well as fresh appointment, and the rule does not contemplate any relaxation of the stipulated qualifications in the one case any more than in the other. In exceptional circumstances, however, Government will be prepared to grant exemption to deserving officials who have shown special ability, and in whose case the insistence on the requirements of the rule might cause hardship.

2. The second point relates to the question of filling up vacancies temporarily, pending the result of the advertisement required by Rule 11 of the clerkship rules. There is no objection to a temporary appointment being made pending the result of the notification in the Gazette, but it is presumed that such an arrangement will not ordinarily be required.

3. The third point is whether the advertisement contemplated in the rule referred to above may be dispensed with, where a vacancy is proposed to be filled not by the appointment of a stranger but by the promotion of a qualified and competent official already employed in the office. Government agree that in such a case advertisement would serve no purpose and need not be resorted to. But it should be pointed out that when a series of appointments has to be made, the last one at least has to be generally filled by the appointment of a new man, in which case applications should be invited in due form.

4. The fourth point is whether officials already in service should pass the clerkship examination. Paragraph 7 of Government Order states that instruction in clerkship classes is not compulsory in the case of officials already in service on the date of the Government Order. The intention was that the officials in question should be exempted not only from attending the clerkship classes but from passing the clerkship examination as well, and the rule should be understood in that sense.

5. A copy of the clerkship rules embodying the necessary amplifications is appended.

CLERKSHIP RULES.

The following rules shall regulate appointment to clerkships and other similar posts in Government service:—

Note 1.—The rules do not apply to appointments in the General and Revenue Secretariat which are governed by the rules contained in the Secretariat Manual

Note 2.—They do not preclude Heads of Departments and offices demanding special training or qualifications in addition to those laid down here in appropriate cases.

Note 3.—The rules will not prevent confirmation of persons in acting appointments held by them on the day the rules come into force, provided that such persons are eligible for confirmation according to rules previously in force.

Note 4.—For the purpose of these rules, progressive salaries shall be calculated as the maximum pay of an appointment.

1. No person shall be eligible for appointment or promotion to a post carrying a pay of less than Rs. 25 per mensem but classed as superior in the Mysore Service Regulations unless he has passed the Lower Secondary Examination and the Clerkship Examination (Lower), and unless the officer appointing him is satisfied as to his ability to read and write Kannada with facility.

2. No person shall be eligible for appointment or promotion to a post carrying Rs 25 per mensem and upwards unless he has passed the Matriculation Examination of an Indian University or obtained the completed Secondary School-Leaving Certificate and has passed in addition the Clerkship Examination (Higher)

Note to Rules 1 and 2 —(i) In exceptional and deserving cases, Government may exempt officials from passing the examinations required by these rules.

(ii) The Clerkship examination is not compulsory in the case of officials in permanent Government employment on the 24th November 1916

3. In addition to the general educational qualifications mentioned in Articles 1 and 2, candidates before appointment to particular posts or before promotion to or confirmation therein, may be required to pass such tests of a special or technical nature as may from time to time be declared by Government to be applicable.

4. In making new appointments, weight should be primarily given to the educational qualifications of the candidates. But where such qualifications are about equal or not very disparate, preference should be given to candidates belonging to backward classes.

5. No person who is not a native of Mysore by birth or domicile shall be entertained in service without the permission of Government

6. In making appointments to clerical posts, especially those carrying a small pay, preference shall, as far as possible, be shown to the natives of the district in which the appointment is held.

7. Promotions shall ordinarily be according to seniority combined with capacity and character. If the supersession of any person is found necessary, the sanctioning authority should record his reasons therefor. But this rule of seniority does not prevent the rapid advancement of officials possessing exceptional abilities or qualifications, provided that the reasons for such promotion are reported to Government.

8. Heads of offices of and above the rank of Deputy Commissioners may, in particular instances, permit a relaxation of Rules 1 to 3 in the case of temporary and acting appointments not exceeding six months in duration, provided that the pay of the post does not exceed Rs. 50 per mensem and provided further that efforts have been made without success to secure passed candidates. A return showing the exemptions granted under this rule shall be submitted once a quarter to Government.

9. Every officer empowered to make appointments shall maintain a register of applicants for public employment, noting therein each candidate's name, father's name, caste, date of birth, native place, educational qualifications, tests passed with dates, reference to testimonials and recommendations, names and appointments of relatives, if any, then or previously in Government service, and any other details that may be found necessary or needful.

10. No name shall be entered in the register unless the officer is satisfied by the personal examination of the applicant or by trustworthy materials that he is likely to turn out a useful servant of Government.

11. No permanent vacancy should be filled without calling for applications from eligible candidates by means of advertisement in the official Gazette and duly considering them. But this rule does not preclude an officer from making temporary arrangements for the conduct of work in cases of absolute necessity, pending the result of the notification in the Gazette. No such advertisement is, however, necessary in cases of vacancies proposed to be filled up by the promotion of officials already in the office or the department.

No. 172—E. A. G., DATED 5TH MARCH 1917.

12. No permanent appointment of clerkship (or temporary appointment for more than six months) in any office will be accepted by the Audit Department or the Treasury unless the first entry of the new name in the pay bill is supported by a certificate showing that the foregoing rules are observed.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Order No. 87—E. A. G., dated 10th March 1917.

At the meeting of officers held at Mysore in June last, it was suggested that Heads of Departments and other important officers of the State should meet periodically for the discussion of important administrative questions, and that in the districts, the Deputy Commissioners and other district officers should similarly meet for the purpose of exchanging views on matters relating to district administration.

2. For some years past, meetings of the principal officers of the State have been held in Mysore during the Dasara and on the occasion of His Highness the Maharaja's Birthday. These meetings will be regarded as a permanent institution in future. They will be attended by selected Heads of Departments and Deputy Commissioners of Districts and such other officers as may be specially invited. The officers aforesaid, if they desire any subject to be discussed at the meeting, should give intimation of it, with a full statement of their views, at least before a fortnight, to the Secretary to Government in the department concerned, who will obtain orders for its inclusion in the *agenda* of business. A copy of the agenda will be supplied to each member. When the meeting is concluded, the decisions arrived at will be recorded and communicated to the officers concerned for necessary action.

3. The Deputy Commissioners will be requested to hold, from time to time, and on convenient occasions, a meeting of the principal officers employed in their districts for the purpose of discussing the district wants and questions, especially those in which officers of more than one department are interested. The officers to be invited to the meeting will be determined by the Deputy Commissioner. They will ordinarily be the District Judge (if resident at the station), the Executive Engineer, the Superintendent or Superintendents of Police of the District, the Revenue Sub-Divisional Officer, the District Treasury Officer, the District Medical Officer, the District Sanitary Officer, the District Excise Officer, the District Inspector of Education, and the Economic Superintendent.

4. Any of these officers may send to the Deputy Commissioner subjects for discussion at the District meeting with notes of their views. The Deputy Commissioner will draw up and circulate the agenda of business in good time to enable the officers invited to the meeting to study the subjects and come prepared with their views. The meeting will be presided over by the Deputy Commissioner who will also maintain a note of the decisions arrived at and see that action is taken in accordance therewith.

Read—

Note No. 289, dated 11—12th December 1916, from the Secretary for Railways, submitting for sanction, estimates for the temporary Workshop sheds and Workshop Machinery and requesting approval to the treatment of the State Railway Workshop as subordinate to the Mysore-Arsikere Railway and to the consequent adjustment of charges connected therewith.

Order No. R. S. 2981-2985—Ry. F. 55 O. L.-16-17, dated 30th March 1917.

The question of treating the State Railway Workshop as subordinate to the main State line and executing the works relating to the Bangalore-Chikballapur Light and Kolar District Railways therein recovering certain percentages on the cost of works has been engaging the attention of Government for some time past.

2. The Directors of the Bangalore-Chikballapur Light Railway and the District Board of Kolar having agreed to it, the Government of His Highness the Maharaja are pleased to direct that the State Railway Workshop should be treated as subordinate to the Mysore-Arsikere Railway and that the following adjustments be made in accounts in consequence thereof: —

Workshop Stores.

(*a*) To continue to treat the stores as "materials at site" under workshop suspense, as part of the Mysore-Arsikere Railway Capital Account until the new Workshops at Mysore are erected.

(*b*) To debit the outlay on scientific and mathematical instruments to the several Railways in the proportion of—

15 per cent to Bangalore-Chikballapur Light Railway.
35 do Kolar District Railway.
50 do Mysore-Arsikere Railway.

(*c*) To charge the percentage prescribed in para 154 of the State Railway Construction Code on all works carried out in the shops on account of all Railways other than the Mysore-Arsikere Railway and to credit such percentages to the Mysore-Arsikere Railway as receipts on Capital Account and under this arrangement to debit the entire cost of establishment of the Loco Offices to the Mysore-Arsikere Railway Capital.

3. The estimates amounting to Rs. 22,621 for temporary Workshop and aggregating Rs. 30,604 for Workshop Machinery are also sanctioned.

Railway Secretary's Note No. 320, dated 25th December 1916, submitting for sanction authorization rolls for working the Kolar District and Bangalore-Chikballapur Light Railways and Tarikere-Narasimharajapura Tramway for the Railway year 1916-17.

Order No. R. S. 2774-2780—Ry. F. 7 & 22-O. L. 16-17, dated 13th March 1917.

The accompanying authorization rolls for working the Kolar District and Bangalore-Chikballapur Light Railways and Tarikere-Narasimharajapura Tramway for the Railway year 1916-17, ending 31st March 1917, are sanctioned.

2. The expenditure against the anticipated earnings of the above Railways and Tramway are estimated as detailed below:—

Name of Railway	Gross Earnings	Working Expenses
	Rs.	Rs.
1. Kolar District Railway ..	1,43,345	1,13,009
2. Bangalore-Chikballapur Light Railway ...	86,544	69,221
3. Tarikere-Narasimharajapura Tramway ...	12,019	12,606

3. As the percentage of working expenses to gross earnings is high in all cases, Government desire that every attempt should be made to reduce it The rolls should, in future, be submitted to them for sanction before the 1st week of July of every year.
